FIRE RAGES IN TIMBER

Washington and Oregon Hit Towns and Logging Camps Are Prey to Flames; Loss is Large

Men Crushed to Death When Blazing Tree Falls; Fighters Singed

(BY A. P. NIGHT WIRE)
SEATTLE, May 31.—Forest and brush fires which broke out of control in half a dozen localities in Western Washington today caused the death of one man, partial destruction of the town of Cedar Falls, and property damage estimated at thousands of dollars. Several small towns were menaced by flames, and forestry officials predicted a serious situation unless rain and cooler weather afforded relief.

Leo McDonald, who, with others was fighting an encroaching brush fire in the Cherry valley, a few miles from Cedar Falls, was crushed to death by a flaming tree. At Cedar Falls the postoffice, school and a number of homes were burned, and only a few men on the part of fire fighters saved the town.

TOWN SURROUNDED

Late this afternoon the town was reported almost entirely surrounded by flames, and the Chicago, Milwaukee and St. Paul Railway has ordered a train made up to carry

BRITAIN TO CRUSH PLAN FOR AN IRISH REPUBLIC

Troops Will Invade South Unless Outlawry Ceases; Slaughter in Belfast Continues

(BY HENRY WALES)
(BY CABLE—EXCLUSIVE DISPATCH)
LONDON, May 31.—The British government is preparing plans for the conquest of Ireland unless the provisional Free State government executes the treaty and restores order. British troops, of whom there are already 25,000 in the north of Ireland, will be used to invade and crush out the Republicans along with Sinn Feiners, unless the outlawry on the Unionist border ceases.

This, with the statement that Premier Lloyd George's Cabinet believes in the good faith of Michael Collins and Arthur Griffith, was the gist of Winston Churchill's long statement on Ireland in the House of Commons.

TWO WEEKS' LEEWAY

The provisional government will be allowed two weeks' leeway to prove its honest intention and its sincere efforts to suppress the guerrilla bands raiding the north of Ireland.

Parliament reconvenes June 13 and the Free State elections will be held on June 15.

If immediately after the latter date it is not evident that Eamon De Valera and the Republican extremists are willing to co-operate in restoring order in Ireland according to the terms of the treaty, the British Cabinet will decide on what military measures to pursue to stamp out the revolutionaries and lawbreakers.

Michael Collins, Arthur Griffith and Eamon De Valera, thus far, have given a couple of weeks' truce to

COAL PRICES NOW FIXED

Maximum Rate Announced

Responsibility Accepted by Secretary Hoover When Question Arises

New Costs Are Both Above and Below Those Set During Period of War

(BY GRAFTON S. WILCOX)
(EXCLUSIVE DISPATCH)
WASHINGTON, May 31.—Fair maximum prices for bituminous coal at the mine for three districts were announced by Secretary of Commerce Hoover tonight after a day of conferences with operators. The prices ranged from \$1.30 to \$1.60 per ton for the Alabama district, \$1.50 per ton for the West Virginia and \$1.60 per ton for the Harlan and Hazard fields of Kentucky and the southern Appalachian field of Tennessee and Kentucky.

TAKE RESPONSIBILITY

Secretary Hoover at a conference early in the day attended by more than 500 producers whose mines are in operation in the Louisiana field, announced that he would assume personal responsibility for fixing maximum prices as a means of preventing profiteering.

Because of possible infringement on antitrust laws Secretary Hoover said he would ask the operators to agree among themselves on fair prices, but he would take all responsibility on himself. His only weapon in forcing them is the power of public opinion.

At the request of Mr. Hoover, committees were named by the operators of the various districts to advise him as to conditions which might warrant modifications from the war-time scale of prices. The operators of the French and British groups, called on Senator De la Hueria this morning and paid his respects. Walter C. Teague, president of the Standard Oil Company of New Jersey, and head of a committee of oil men, also reported to the Secretary.

Senator De la Hueria, who looked pale and ill, told newspaper men that reports of his illness were greatly exaggerated. He declared that the success of the conference relied on the basis of the operators' reports. He was emphatic, however, in the assertion that the reported revolt in Mexico would not affect the conference.

The first full meeting of the conference will be held Friday.

Balloons Are Seen Passing; Names Unknown

(BY A. P. NIGHT WIRE)
MURKIN (Mich.) May 31.—A balloon, traveling rapidly at a high altitude, in a southeasterly direction, passed over Muskegon at 7:30 tonight. No mark of identification could be made out.

Waukegan (Ill.) May 31.—Three balloons passed over Waukegan at 7 o'clock tonight, followed a half hour later by a fourth. One of the first three bore the United States Navy insignia.

GEN. WOOD WILL GET EXTENSION OF LEAVE

(EXCLUSIVE DISPATCH)
WASHINGTON, May 31.—The extension of leave of absence asked by Maj.-Gen. Leonard Wood to continue his work as Governor-General in the Philippines probably will be granted by the trustees of the University of Pennsylvania, Secretary of War Weeks announced today.

Old Fellows Buy Home

(EXCLUSIVE DISPATCH)
FLAGSTAFF (Ariz.) May 31.—At a cost of about \$10,000, Flagstaff Odd Fellows have purchased a home of their own on East Aspen street.

PAY AT LEAVING OR NOT AT ALL

London Theater Manager Has Scheme to Keep Open in Summer

(BY CABLE—EXCLUSIVE DISPATCH)
LONDON, May 31.—Pay as you leave or not at all is London's latest in theaters. Sir Alfred Butt decided to keep the "Laurel and Laughter" running at the Queen's Theater regardless of the diminished receipts, owing to the heat, because he believes the public will enjoy the play later. Hereafter the patron enters the theater without paying. If he is satisfied he pays the usual price when he leaves. "Nine out of ten paid the regular price last night," said Sir Alfred.

SHOWDOWN COMING

Prospects are that a showdown on whether the bonus or the tariff will get the right of way will not be long delayed. Democratic Senators led by Simmons, North Carolina, ranking minority member of the Finance Committee, let it be known that they would make motion to lay aside the tariff and take up the bonus within a reasonable time, perhaps a week or so. Such a motion would compel for or against further delaying action on bonus and prediction was made in Democratic quarters that

GRIDIRON MAX OSER

Fiancee's Mother on Warpath

She Says Stop Wedding, Save Mathilde; He's After Her Money

Wants Harold McCormick, ex-Husband, Restrained from Okaying Romance

(EXCLUSIVE DISPATCH)
CHICAGO, May 31.—Max Oser, middle-aged Swiss riding-master and fiance of Miss Mathilde McCormick, was in effect branded a fortune-hunter today by Mrs. Edith Rockefeller McCormick in a sensational position filed before Judge Henry Horner in the Probate Court in which she asks the court to prevent the proposed marriage of her 17-year-old daughter to the 45-year-old Swiss horseman.

The petition, although it found fault with the recent appointment of Mrs. McCormick's divorced husband, Harold McCormick, guardian of their daughter, sought chiefly to induce the court to restrain McCormick from approving the contemplated matrimonial venture. Judge Horner reserved his decision until Saturday. In the meantime, granting the letters of guardianship to McCormick on condition that he does not give his approval to the marriage until the decision is given.

UNIQUE IN COURT HISTORY

The petition of Mrs. McCormick was unique in Cook county court history. It asked a virtual injunction to prevent a wedding—an almost unheard-of proceeding.

The four reasons set out by Mrs. McCormick as her objections to Oser follow:

1.—Max Oser is approximately twenty-seven and one-half years older than Mathilde.

2.—This respondent is informed and believes that said Max Oser is without a regular and certain income or means of livelihood; that he has no sufficient funds of his own to adequately maintain and support said Mathilde and her dependent children; that said Oser desires primarily to enter into said contemplated marriage with the petitioner because he has no other means of doing so, and that he is doing so in order to secure large sums of money and financial gain.

3.—That said petitioner is of tender age and too young to realize that in entering into said marriage she may become the subject of the machinations and intrigues of designing persons.

4.—Said minor will by such contemplated marriage cease to be an American citizen, and thereby imperiling important property rights.

ATTORNEY SHOCKED

At the beginning of the hearing Judge Horner asked Attorney Edith McCormick, representing Mrs. McCormick, what her views were.

"It is a most unusual and unheard-of proceeding," she replied. "The answer was read to me over the telephone and I have not before been confronted with such a demand for affirmative relief."

Judge Horner then gave a brief summary of the contents of the answer.

"The substance of the answer," said Judge Horner, "is to the effect that the petitioner, Mathilde McCormick, is a minor, and that she is being forced to enter into a marriage with Max Oser, a man of advanced years, and that she is being forced to do so by the machinations and intrigues of designing persons."

There is but one thing for the court to do and that is to grant letters of guardianship to Mr. McCormick.

GERMANY IN HOCK; ALIES, MORGAN HOLD TICKET

American Banker Sews Teutons Up Tighter Than Ever; Must Stop Printing Money by Bale

(BY CABLE—EXCLUSIVE DISPATCH)
PARIS, May 31.—The fate of Germany and all that implies to Europe was placed squarely in the hands of J. P. Morgan and his associates by the reparations commission today.

The commission telegraphed its acceptance of the German promises for financial reform to Berlin tonight. Its acceptance confirms the partial moratorium granted Germany for 1922 and it clears the financial and political skies of Europe for months to come. The May 31 crisis is leading Europe into a new path of peace.

The reparations commission, including the American, worked desperately from 10 o'clock in the morning until 10 o'clock at night with only one short interval for luncheon and dinner, in studying the German offer word for word.

NOW STAND ASIDE

Now they stand aside and the Morgan committee takes over the job. As the reparations problem is now shifted to the bankers, Col. Hugh A. Bayne of New Orleans, the legal adviser of the American reparations delegates, sailing on the morning of June 10 o'clock at night with only one short interval for luncheon and dinner, in studying the German offer word for word.

Now they stand aside and the Morgan committee takes over the job. As the reparations problem is now shifted to the bankers, Col. Hugh A. INHERITANCE TAXES IN STATE ARE LARGE

(BY A. P. NIGHT WIRE)
SACRAMENTO, May 31.—State Controller Riley today announced that the May semiannual settlement of monies collected by the counties on account of the State inheritance tax amounted to \$2,574,329.

Payments made by counties for the care of inmates in State institutions totaled \$29,000.

NEW WARD STORY DENIED

Allegation in Morning Paper That Peters Was Killed in Millionaire's Home Branded False

(EXCLUSIVE DISPATCH)
NEW YORK, May 31.—After a search of the home of Walter S. Ward at New Rochelle today, Sheriff George Werner of Westchester county denied categorically the story published in a New York paper this morning to the effect that Ward killed Clarence Peters in the library of his home and seriously wounded another man who, the newspaper said, was in a hospital, though his name was not given.

"We found nothing which would substantiate the story," said the Sheriff.

Sheriff Werner's statement was corroborated by Lieut. John McGowan, head of the detective bureau of New Rochelle's police department. He declared that they went through the house from top to bottom, inspected carpets, pictures, walls and furniture and found nothing which would substantiate the story.

TEXAS WOMAN SEEKS CHAIR IN SENATE

(BY A. P. NIGHT WIRE)
WACO (Tex.) May 31.—Receipt of the application of Mrs. Myrion A. Ferguson, wife of former Gov. Ferguson, for a place on the Democratic primary ticket as a candidate for the United States Senate was announced here yesterday.

Mr. Ferguson also is an announced candidate for the Senate, but he has not formally applied for a place on the July primary ticket.

To Have Mountain Park

(EXCLUSIVE DISPATCH)
JEROME (Ariz.) May 31.—With the help of the Forestry Bureau in construction of a necessary road Jerome is to be given a summer resort on the top of Mungus Mountain, the peak of the Black Hills range, on the side of which this city has been built. On the summit is a park of 1000 acres extent, wherein it is proposed to place summer cottages and golf links, and where there can be secured an ample supply of good water.

HURT RIDING MOTORCYCLE

Man Injured on Anniversary of Brother's Fatal Crash in Similar Manner

(EXCLUSIVE DISPATCH)
RIDGEWOOD (N. J.) May 31.—On the third anniversary of the death of his brother in a motorcycle accident at Irvington, N. J., Ward M. Boshen of West Orange received a fracture of the skull in a similar accident today on a Ridgewood road. Boshen, who was formerly an executive of the Thomas A. Edison Company, is in a South Orange hospital in a critical condition.

PROVIDES REDUCTION

The measure, as sent to the Senate, provides for reduction within five months of the officer personnel limited to an average of 12,530, totals \$25,390,000. House appropriations for these two items, the largest in the bill, were \$47,810,000 and \$26,190,000, respectively.

The reduction is to be accomplished through discharge or retirement and, it was said, contemplates a classification of officers on

DOLLY GRAY, YES, HUM IT

Composer Dies in Asylum

Paul Barnes, Blind, Insane and Pauper, Kept Love of Actress Wife

National Vaudeville Artists and Masons Only Ones to Cheer Him at End

I have come to say good-by, Dolly Gray.
There's no use to ask me why, Dolly Gray.
You can hear it everywhere, Dolly Gray.
It's time to do and dare, Dolly Gray.
Don't you know the tramp of foot, Dolly Gray.
Sounding through the village street, Dolly Gray.
The tramp of soldiers' feet, Dolly Gray.
In their uniforms of blue, Dolly Gray.
I must say good-by to you, Dolly Gray.

Good-by, Dolly, I must leave you. Though it breaks my heart to go, something tells me I am needed. As the front to fight the foe, see the boys in blue are needed. And I can no longer stay. Hark, I hear the bugle calling. Good-by, Dolly Gray.

NEW YORK, May 31.—Paul Barnes, composer of "Good-by, Dolly Gray," the battle chant of American soldiers and sailors in the war against Spain, died May 31 in the Manhattan State Hospital, Wards island, insane, blind and a pauper.

"Dolly" was the "Tipperary" of '98, but it was not the only song of Paul Barnes that the world heard and which was sung by thousands. Among fifty others were, "Josephine, My Joe," "Down by the Riverside," "Dreaming," "Venetian Moors" and "Manny Jansen and Lullaby."

As one of the forerunners of the tin pan alley, Barnes had several compositions featured in his credit that even forgotful Broadway remembers.

One day in the nineties he met Dolly Gray, a girl who was in Broadway. Dolly said he was a desperate case of a mad man. Several composers he said, and

JAP FARMERS ARE HIT

Western States Agricultural Representatives See Menace of Nipponese

(BY A. P. NIGHT WIRE)
SACRAMENTO, May 31.—A resolution declaring "Japanese farmers in the West are rapidly gaining a strangle-hold on the agricultural industry, and by reason of a lower standard of living are underselling American farmers," and memorializing Congress to enact legislation to alleviate these conditions, was unanimously adopted here today by the Western States agricultural representatives, composed of directors and commissioners of agriculture of eleven Western States.

The resolution was also adopted by the California Horticultural Commissioners' Association, representing approximately forty California counties. The western directors are said to represent more than 3,000,000 farmers.

TEXT OF RESOLUTIONS

The resolution was introduced by Senator F. L. French, director of agriculture, of Washington State, following an address by State Senator J. M. Inman, president of the California Oriental Exclusion League.

The text of the resolution follows:

"Whereas, recent developments have demonstrated that Japanese farmers in the West are rapidly gaining a strangle-hold on the agricultural industry and by reason of lower standards of living are underselling American farmers and

Count Zichy and his bride of two weeks today will try to make good in screen career in New York. Henry E. Simpson, three times Presidential appointee, died in Oklahoma where he had resided six months for his health.

WASHINGTON, Chief Justice Taft announced intention of making an official visit to England where he will study judicial system. Indications were that some action would be blocked by tariff bill; Democratic Senators seek to sidetrack tariff for veterans' measures; fight over issue was expected.

Annual War Department appropriation bill was reported to Senate by committee which made several changes in measure passed by House.

Secretary Hoover accepted responsibility and fair prices for soft coal were set when he met with operators.

McCumber plan for bonus bill approved by Senate Finance Committee; will be reported in few days.

FOREIGN. Slaughter renewed in Belfast; Britain prepares for war to prevent establishment of republic in Ireland.

Former Empress Zita of Austria-Hungary gave birth to daughter in Spain, where she went from Madeira after death of Charles.

Polish Princess was under surveillance in Madrid because of mysterious death of prominent young Canadian there.

PACIFIC SLOPE. Forest fire in Washington and Oregon destroyed many camps and homes, and much forest timber was lost; some out of control.

GENERAL EASTERN. Max Oser, riding-master, moved to prevent marriage to Swiss riding master.

MEXICO IS NOT AFTER YANK COIN

Minister of Finance Explains Purpose of Visit to America

(BY A. P. NIGHT WIRE)
NEW YORK, May 31.—Mexico is not seeking new money for her financial rehabilitation in the United States, Adolfo de la Hueria, Mexican Minister of Finance, told newspaper men today in a brief discussion on the forthcoming international conference on the adjustment of the Mexican national debt. A request for a loan, he said, forms no part of her financial situation here.

Senator De la Hueria explained that he came here solely to confer with the International Committee of Bankers on Mexico, and that his visit had no special status in so far as the American government was concerned. Thomas W. Lamont, acting chairman of the international committee, who returned from Europe yesterday with a delegation of the French and British groups, called on Senator De la Hueria this morning and paid his respects.

TARIFF MAY BLOCK BONUS

Approved Finance Committee Measure Likely to Be Delayed by Present Long-Winded Debates

(EXCLUSIVE DISPATCH)
WASHINGTON, May 31.—Although the soldiers' bonus bill won out in the Finance Committee today by a vote of 9 to 4, the path of early action on the measure is apparently blocked by a formidable obstacle, namely, the tariff bill.

Senator McCormick, North Dakota, chairman of the committee, announced that he would be ready to make a favorable report on the bill within the next few days. Furthermore, he wants to displace the bonus bill, which does not become effective until January 1, next, can wait a while longer, they say, while, on the other hand, they fear they will have considerable trouble reviving the tariff once it is sidetracked.

DATE IS CHANGED

Senator Walsh told the committee it would take about six months to set up the machinery for administering the bonus bill, and the effective date of the measure was changed from Oct. 1, 1923, to Jan. 1, 1924. Before finally approving the measure, the committee also eliminated the forfeiture provision contained in the House bill, under which veterans failing to pay loans to banks would have forfeited their adjusted service certificates. In place of this provision the committee inserted a provision directing the Secretary of the Treasury to restore the certificate to the veteran in whose name it was issued at any time prior to its maturity upon receipt from him of the amount paid by the government on the loan, plus 4 1/2 per cent interest.

PROVIDES REDUCTION

The measure, as sent to the Senate, provides for reduction within five months of the officer personnel limited to an average of 12,530, totals \$25,390,000. House appropriations for these two items, the largest in the bill, were \$47,810,000 and \$26,190,000, respectively.

The reduction is to be accomplished through discharge or retirement and, it was said, contemplates a classification of officers on

BONUS MEASURE IS APPROVED
McCumber Plan Reported by Finance Committee
Hoped Senate Will Get Bill in Few Days
Long-Drawn-Out Fight on Floor Predicted

(By A. F. MONT WIRE)
WASHINGTON, May 31.—The House today approved the McCumber plan for the bonus measure, but with the much discussed bank-loan provision retained, was approved by the Senate Finance Committee by a vote of 10 to 4. Chairman McCumber proposed to report the measure to the Senate within a few days and said he hoped to get action on it before the passage of the tariff bill.

The more important alterations made in the House measure were: The changing of the effective date of the legislation from next October 1 to Jan. 1, 1923. Removal of the time limitation on the filing of applications by World War veterans for adjusted service compensation. Abandonment of the reclamation plan and the substitution of a provision under which veterans would be given preference in making loans on public or Indian lands when opened to entry.

Elimination of the forfeiture provision, under which veterans failing to repay loans made by banks of the government on adjusted service certificates, would have forfeited their certificates. Under the amended bill such veterans could reclaim their certificates at any time before their maturity, twenty years from the date of issue, upon payment of the sum they were in default, plus interest at 4 per cent compounded annually.

Approval of the latter House measure, commonly called the McCumber plan, was voted by the committee after rejection, 3 to 5, of a measure offered by Senator Smoot of Utah, ranking committee Republican, proposing paid-up life insurance in lieu of all other forms of compensation. In addition to its author, Senators supporting the McCumber bill were Calder, New York; Dingell, Michigan; Clegg, New York; Hays, New Jersey; and McLean, Connecticut, all Republicans.

On the vote for the McCumber measure Senator McLean broke the tie that had existed among the two Republican members of the committee as between two propositions. Besides McLean, those supporting the amended House bill were: McCumber, New York; Clegg, New York; Dingell, Michigan; Clegg, New York; Hays, New Jersey; and McLean, Connecticut, all Republicans.

Neither President Harding's views with respect to the bonus measure nor the fact that the legislation entered into committee after the president's death, were mentioned in the debate.

There is no rack room here for "P.M.'s"
A "P.M." in the clothing business is what our milk is to a Dairy.
It's an old war horse that's been left in a stall—a cut that's been cut out—a style or a pattern that's run out of gas.

The Times-Mirror Company.

Considerations. Senators said. Leading proponents of the McCumber plan expressed the belief that the plan would prove not unacceptable to the executive since it called for no heavy expenditures during the next three years that would require either new taxes or any large drafts on the treasury.

Chairman McCumber said that after the first three years the necessary funds probably could be supplied from interest on the refunded foreign debt; as now drafted the bill is simply a charge against the Federal Treasury.

Opponents of a bonus in any form, who include Senators Borah, Idaho; Moore, New Hampshire; Underwood, New York; Republi-ans, and Williams, Mississippi, and Meyers, Montana, Democrats, are preparing for a determined fight on the bill. Bonus proponents are confident, however, that legislation will be enacted before this session of Congress ends.

Under the bill as the Senate will receive it, the amount of compensation credit for veterans will be computed on the length of service, less the \$50 bonus paid the man at the time of their discharge from the service, but would not exceed \$500 for those who had only domestic service and \$525 for those who saw service overseas.

A cash bonus would be paid only to those veterans whose total credit did not exceed \$50.

Under the amended bill such veterans could reclaim their certificates at any time before their maturity, twenty years from the date of issue, upon payment of the sum they were in default, plus interest at 4 per cent compounded annually.

Approval of the latter House measure, commonly called the McCumber plan, was voted by the committee after rejection, 3 to 5, of a measure offered by Senator Smoot of Utah, ranking committee Republican, proposing paid-up life insurance in lieu of all other forms of compensation. FIRE RAGES IN TIMBER AREAS
(Continued from First Page)

refugees to safety should the necessity arise.
Two camps maintained by the municipal light department of the city of Seattle were destroyed by the flames. The municipal water pipe line was endangered, but it was stated there was no immediate possibility of a water shortage in the city, as the supply is impounded below the fire zone.

The town of North Bend, ten miles from Cedar Falls, was reported endangered, but later it was said the flames had not approached closer than three miles from the town, and little anxiety was felt there.

CAMP BURNED
Logging camps of the Cherry Valley Lumber Company at Stillwater, and the Pacific States Lumber Company at Selkirk, were burned. At the latter camp property damage was said to be more than \$70,000.

Small fires were burning in the vicinity of Buckley and Enumclaw, and a number of homes and mill houses had been razed. The condition near Eagle Gorge in the Green River Valley, where a brush fire threatened live timber, was said to be serious.

Up to tonight, according to reports received here, the fires had been confined mainly to brush and slashings, and little green timber had been destroyed. Many logging camps shut down operations and pushed their employees to the fire-fighting centers.

The Chicago, Milwaukee and St. Paul Railway made up a special train here, equipped with fire fighting apparatus, ready to be rushed at call to any point along the line threatened by the flames.

PORTLAND (Or.) May 31.—Advancing the fire season at least one month, the hot weather of the last three days has increased the fire hazard and several conflagrations in the forests of Oregon and Washington were being fought today.

WASHINGTON, May 31.—Forest fires which have been burning over large tracts of timber north-east of here are now believed to be under control.

A new fire which broke out yesterday near the Vancouver-Battle Ground road was fought all afternoon by farmers and residents of the vicinity of Orchards and Brush Prairie.

Long Island City Job Nets Auto Hold-up \$15,000 in Cash
(By A. F. MONT WIRE)
NEW YORK, May 31.—Seven automobile bandits today held up three men in an automobile at Long Island City and robbed them of a \$15,000 pay roll belonging to H. R. Mallinson & Co., New York silk dealers.

Washington were being fought today. The low humidity has drawn all moisture from the ground, leaving the slashings and underbrush as dry as tinder.

Four fires of varying dimensions were reported to the forest service headquarters here today. The nearest one was on holdings of the Bridal Veil Lumber Company, north of the Columbia forest, where the head of Multnomah Creek, which feeds the falls on the Columbia Highway, the Bridal Veil Company dispatched a crew of twelve men to the scene. The fire was for a time headed toward the company's mill at Palmer, but today it was reported to have turned to the southwest toward Gordon Creek.

SUPERVISOR REPORTS
In Clark county, Washington, a fire that threatened to gain destructive proportions was reported today to A. H. Wright, Supervisor of the Columbia National Forest. The blaze was raging over holdings of the Clark County Lumber Company, threatening its camps and mills, and there was a possibility that it would reach the boundary of the Columbia forest, where green timber lies, Wright said.

Two other fires, one in Klickitat county, Washington, near the farming settlement of Gilmer, and the other north of Underwood, also were reported today. Neither was said to be alarming in size, and

they were being fought by farmers and settlers of the vicinity. Employees of the Shelvin-Hixon Lumber Company near here, several men in a group of 400 were badly singed in attempting to save equipment. More than 2000 acres, with 1,000,000 feet of timber, was burned over, a logging locomotive and skidder damaged and fifteen flat cars and much rigging destroyed.

Advancing in a whirlwind of flame, which gained 100 yards at a jump, the fire made rapid progress from the first, despite the efforts of 400 men who, after burying their own household goods and personal effects and hurrying their families to safety, joined efforts in fighting the ever-spreading fire.

UNDER CONTROL
(By A. F. MONT WIRE)
VANCOUVER, May 31.—Forest fires which have been burning over large tracts of timber north-east of here are now believed to be under control.

A new fire which broke out yesterday near the Vancouver-Battle Ground road was fought all afternoon by farmers and residents of the vicinity of Orchards and Brush Prairie.

Several farmers narrowly escaped having their residences destroyed. The blaze was fanned by a brisk east wind.

Several farmers narrowly escaped having their residences destroyed. The blaze was fanned by a brisk east wind.

CAMP DESTROYED
(By A. F. MONT WIRE)
ASTORIA (Or.) May 31.—The logging camp of the Westport Lumber Company on the Merry Railroad south of Kerry was destroyed by a forest fire yesterday, according to word received today.

TRAIN BURNED
(By A. F. MONT WIRE)
BEND (Or.) May 31.—Fighting a fire which yesterday destroyed a logging train of fifteen cars and

damaged an engine and other equipment at the Shelvin-Hixon Lumber Company near here, several men in a group of 400 were badly singed in attempting to save equipment. More than 2000 acres, with 1,000,000 feet of timber, was burned over, a logging locomotive and skidder damaged and fifteen flat cars and much rigging destroyed.

Advancing in a whirlwind of flame, which gained 100 yards at a jump, the fire made rapid progress from the first, despite the efforts of 400 men who, after burying their own household goods and personal effects and hurrying their families to safety, joined efforts in fighting the ever-spreading fire.

PRINCESS IS WATCHED IN MYSTERY

Canadian Dies in Madrid
Under Circumstances that
Are Considered Mysterious

(BY OWEN AND ASSOCIATED PRESS)
MADRID, May 31.—Further interest developed today in the recent mysterious death of Yves Lafevre Bellefleur, a prominent young Canadian, with the examination of an alleged Polish Princess, Nadie Wisniewska. The woman asserted that she became acquainted with the Bellefleur family in New York six years ago and that she renewed her friendship with the Canadian youth in Madrid last year. The Coroner's inquest will be held June 1. Meanwhile the Princess is under surveillance. The Madrid newspapers today published long accounts of the Princess's life, asserting that her husband died suddenly in Paris. According to the newspaper version, she became a spy during the war, was condemned to death in France and escaped to Italy through the influence of political friends. In Italy, it was said, she became involved with a prominent member of the Italian nobility, who afterward died mysteriously.

SCHOOLS TO STRIVE FOR HIGH HONOR

Army Officers Designated to Name R.O.T.C. Units in This Area

Three officers have been detailed from the War Department to conduct the annual competition which is held to pick the two honor high schools from the Ninth Corps Army area. These officers are expected to arrive within the next two days to hold an inspection of the Los Angeles city high schools and afterward to inspect Long Beach, Pasadena, Riverside and San Diego.

Lieut.-Col. H. R. Richmond, Maj. John E. Creed and Capt. Leigh Bell are the officers who are to designate the schools which are to be accorded the honor of standing at the head of the list of high schools in the West. Ten per cent of the schools in each corps area may be designated as honor high schools and as there are only ninety high schools in the United States, which have R.O.T.C. there are only nine schools picked each year.

The annual R.O.T.C. band competition will be conducted at Harvard Field at 3 p.m. June 2, according to Col. E. W. Clark, professor of military science and tactics for the Los Angeles high schools.

All high schools in the city except Gardena will enter bands in hopes of winning the beautiful trophy which is being offered. Gardena has no band and, therefore, will place all hopes of breaking into the limelight in the platoon competition which will occur at Harvard Field on the 16th at the same hour.

Army officers will be requested to act as judges for the competition.

Plans are being rushed for the annual physical competition between the senior A and the senior B classes at the Los Angeles High School.

After much discussion between the officers of the classes, it has been decided to have the game a soccer contest instead of a football game as was staged last year. The competition was scheduled to occur last Friday morning but due to other school activities it was postponed and the date which has tentatively been set is 10 a.m. tomorrow.

All money from the sale of tickets will be turned over to the Memorial Park fund which is being raised by the students.

The Southern California oratorical contest will be conducted at one of the city high schools June 9. It was announced yesterday by the committee in charge of the annual affair.

High schools from all sections of Southern California are expected to be represented.

A silver loving cup is the prize and is now held by Los Angeles High School.

Senate for Liberian Loan
(BY A. P. DAY WIRE)

WASHINGTON, May 31.—The House bill authorizing a loan of \$5,000,000 to Liberia, as urged by the administration, was reported favorably today by the Senate Finance Committee.

SIX AMERICANS FOR BELGIUM

Will Study Abroad by Use of Surplus American Relief Funds

(BY A. P. NIGHT WIRE.)
NEW YORK, May 31.—Six Americans will study in Belgian universities next year under scholarships made possible by the use of surplus funds of the American Commission for Relief in Belgium, said an announcement today by the Belgian Educational Foundation.

The grants for 1922-23 included Bernice G. Thodes of Chico, Cal.

Klan Members Blacklisted by Arizona G.O.P.

(EXCLUSIVE DISPATCH.)
PHOENIX (Ariz.) May 31.—Reputation of the Ku Klux Klan by Andrew Baumert, Jr., Republican national committeeman for Arizona, today threw political circles in a turmoil when Mr. Baumert issued a notice in which he stated he would withhold support for office from any person who has been a Klan member.

Several candidates for high office in Arizona have withdrawn from the campaign on the understanding that, otherwise, there would be exposure of their Klan connection, according to political leaders.

Judge Stanford today put over until September the cases against the Wallers and others charged with mistreatment of Rollin Jones, a school-teacher, at Mesa. Those cases are part of the inquiry into the Ku Klux Klan activities in Arizona. A changing of attorneys was responsible for the delay.

Wife Charges Desertion; is Given Divorce

Mrs. Dolores Alinta Dato was granted a divorce from Guillermo Dato by Judge Cary yesterday on the ground of desertion. Mrs. Dato was awarded \$100 a month alimony and custody of the children.

Mr. Dato, a brother-in-law of E. J. Cantu, former Governor of Lower California, started the divorce suit and Mrs. Dato filed a cross-complaint. Mr. Dato failed to appear at the trial and the decree was given the wife.

Mr. Dato charged that she deserted him. She declared he was cruel and failed to support her and their babies. The charge that there was community property valued at \$25,000 was denied by Mr. Dato.

MURDER CHARGED AS WOUNDED MAN DIES

APARTMENT-HOUSE DISPUTE ENDS IN DEATH OF TRANSFER MAN

A charge of murder was placed against Robert Brown, 1022-H Colton street, late yesterday afternoon as soon as word was received that William Antlor, a transfer man, had died in the Clara Barton Hospital as a result of wounds received in a fight with Brown.

The fight which ended disastrously for Antlor was said by the police to have taken place in the door of Brown's apartment on Colton street early yesterday morning. According to a report made by Officers Gruen, Parsons and Vall of the flying squadron, Brown shot Antlor after the former is said to have remonstrated with Antlor because of a disturbance in another apartment where the dead man and his wife, Mrs. Pearl Antlor, were residing with Mr. and Mrs. E. P. Rabenau.

Officers of the flying squadron stated they found Antlor lying on the second-story landing near Brown's apartment. Brown, they said, fled after the shooting, and was captured by Officer H. J. Watts.

CHINESE MOVEMENT IS CAUSING ALARM

(BY CABLE AND ASSOCIATED PRESS.)
SHANGHAI (China) April 28 (Delayed in transmission).—Anti-Christian agitation, in some districts taking the form of general anti-religious propaganda, has caused considerable alarm recently among missionary circles and even in official quarters.

The principal centers of the movement are reported to be Nanchang, Changsha and Wu-chang. A foreign mission worker at Nanchang telegraphed to Harbin that anti-Christian propaganda, at the instigation of supporting factors in Shanghai, were forming an anti-Christian federation, whose aim was the wiping out of Christian influences in China. The Military Governor at Nanchang has been appealed to for official action to check the movement there.

ORGANIZE SCOUT TROOP

EXETER, May 31.—At a mass meeting to be held tomorrow evening at the Exeter Theater plans will be formulated for organization of a Boy Scout council for Exeter and vicinity. Arrangements will also be made for formation of Boy Scout troops among boys of this section. Mr. Cole, secretary of the Tulare County Boy Scout movement, and the Exeter Chamber of Commerce, are back of the program.

NET OPERATING INCOMES GAIN

TOTAL GROSS RECEIPTS, HOWEVER, SHOW DECREASE OVER LAST YEAR

(EXCLUSIVE DISPATCH.)
WASHINGTON, May 31.—Tentative reports just received by the Interstate Commerce Commission from 138 class one railroads showed that in April these roads had a net operating income amounting to \$35,239,000, compared with \$21,854,000, during the same month last year.

Total operating revenues, for the 138 railroads, the reports showed, amounted to \$297,300,000, a decrease of 4.6 per cent, compared with April, 1921, while their operating expenses totaled \$249,532,000, or a reduction of 11 per cent, compared with the same month one year ago. The roads from which reports have already been received represent a mileage of 169,584.

Reports from nineteen roads in the southern district showed that their total operating revenues were \$28,524,000, an increase of only 2.10 of 1 per cent over April last year, while their operating expenses amounted to \$23,044,700, which was a decrease of 13.4 per cent under the same month in 1921. The net operating income of these nineteen roads in April, according to the preliminary reports filed with the commission, totaled \$4,748,400, compared with \$1,338,600 in April a year ago.

STATE PRAISED AT CONVENTION

Fifteenth Annual Meeting of Realtors Starts

Resources of California Discussed on Floor

Constitution and By-laws Changed by Delegates

BY EDWARD G. LEAF,

"Times" Staff Correspondent

SAN FRANCISCO, May 31.—

With an official registration of 1600 realtors at an early hour this morning and with an estimated total attendance in excess of 2000, the fifteenth annual convention of the National Association of Real Estate Boards opened here this morning at the Exposition Auditorium.

At 10 o'clock the convention was called to order by President Hiett and the invocation was delivered by Dr. James L. Gordon, pastor of the First Congregational Church.

Brief addresses of welcome were made by Gov. Stephens, Mayor Rolph and Goldberry Coldwell, president of the San Francisco Real Estate Board.

Charles F. Stern, former State Superintendent of Banks, and vice-president of the First National Bank of Los Angeles, was the chief speaker of the day. His subject was "California." Mr. Stern gave a graphic description of the vast resources and wealth of the State. "California," he said, in part, "is more than a State; it is a commonwealth, more nearly sufficient to itself in finance and in productivity than any other State of the Union."

The Sacramento and the San Joaquin valleys are part of the definition of California with a diversity of agriculture that is unique. In the Imperial Valley, twenty years ago the Colorado desert men saw a vision and in the sublime apogee of inspiration gave the lie to nature and made the impossible come true. In twenty years these men have built a commonwealth of 50,000 people, cultivating 500,000 irrigated acres and producing crops worth \$60,000,000 a year. The fruits and the vegetables, the grains of the temperate and semitropical zones reach perfection in California. Fresh, dried and canned, they dominate the markets of the world.

Los Angeles county heads the list in value of agricultural products among the counties of the United States and her closest contenders are the counties of the San Joaquin Valley.

TWO WONDER CITIES

Two wonder cities represent California. They are San Francisco, known commercially and industrially the world around, and Los Angeles, the wonder city of America. Once these cities were bitterly antagonistic; today, thank God, their million and a quarter of people are co-operating for the good and glory of California.

The changes to the constitution of the National Association of Real Estate Boards, which have been in course of preparation for several months, were presented and approved. The most important of these changes included the formation of a board of fifteen directors elected for a term of three years. The method of appointing the nominating committee was also changed and simplified.

The morning program culminated with President Hiett's report, in which he reviewed the work of the association under his administration. Owing to the change in the constitution the fiscal year was changed so that it will correspond with the calendar year. Under this arrangement the directors elected to serve for the coming year will not assume office until next January. In the meantime, the work will be carried on by the officials elected to serve during the interim. Both sets of officers will be elected on Friday.

Mr. Hiett reviewed the work of the various committees and complimented them upon their accomplishments.

To Tom Ingersoll, new secretary of the Los Angeles Realty Board, he paid a graceful tribute. Mr. Ingersoll has been secretary of the national association for more than eleven years.

"The efficient work of your secretary, Tom Ingersoll," he said, "needs no comment on the part of the National Association of Real Estate Boards and that of Tom Ingersoll have been synonymous the country over."

EAGER TO SERVE

"Very few men have endeared themselves to the hearts of so many people as has 'our Tom.' He has always been eager to give efficient service during all his work." Cleveland, O., is the only city in the field for the next national convention. It is believed that there will be no opposition to Cleveland.

During the afternoon and evenings conferences were held on such subjects as industrial property, subdivisions, exclusive contracts, multiple listing, realty financing, funds for building, second mortgages and farm lands. Vice-presidents of the national association presided at these meetings.

The wives of the realtors were taken on a motor trip around the city during the afternoon and during the latter part of the day the realtors were conducted through the business, residential and industrial sections of the city.

FORMER EMPRESS AGAIN A MOTHER

Zita Now Living at Pardo, Spain, Where She Went Following Exile

(BY CABLE AND ASSOCIATED PRESS) MADRID, May 31.—A daughter was born this morning to former Empress Zita of Austria-Hungary. King Alfonso, as soon as he received the news, went to the palace at Pardo, in the suburbs of Madrid, where the ex-Empress has been residing since her return recently from the island of Madeira after the late Emperor Charles died in exile early in April.

REPORT ON PALO VERDE

Probability of Government Aid in Any Large Amount to Fight Floods is Remote.

(EXCLUSIVE DISPATCH)

WASHINGTON, May 31.—Examination in detail of the report of the engineer officers now in the Palo Verde Valley, Col. Deakne and Maj. Ardery, sent by wire from Blythe, and conference with the chief of engineers, Gen. Beach, indicates that Federal aid of any large proportions to remedy the flood damage in that rich valley is remote.

The bill for this relief was today changed to carry but \$50,000 in place of \$200,000 to meet the wishes of the engineer officers of the Army. Tomorrow morning at 10:30 the full House Appropriation Committee will hear pleas for this flood relief. Congressmen Osborne, Lindeberger, Swing and Hayden of Arizona will make an urgent appeal for the proposed government aid and to the extent of \$50,000 it is expected Col. Taylor and Gen. Beach of the board of engineers will add their approval.

The report received by wire from the Army engineers on the spot is far from enthusiastic in favor of large government aid. The report is as follows:

TEXT OF REPORT

"After personal inspection of flood conditions in Palo Verde Valley resulting from break in levee at Hauser Bend on May 12, we find that break has widened to 1300 feet and carries most of river discharge which passes through lower third of valley and returns to river at south end. Total area of valley 90,000 acres, of which 35,000 are under cultivation. Population of valley 5000. Thirty thousand acres inundated, of which 10,000 are cultivated and included towns of Palo Verde, Rannella and Ripley. Depth inundated towns about four feet. No loss of life. Refugees being sent away or adequately cared for by local interests and Red Cross.

Damage consists of loss of crops, scouring channels obliterating and filling ditches, loss of small percentage of live stock, damage to farming implements, buildings, hay barns and bridges. Property aggregating \$1,000,000. "Levee crest at break was nine feet above water surface and river has fallen one foot since, but now again rising. Reliable information indicates river will continue rising till about the 15th inst., reaching flood height probably five feet above present water surface and flood discharge of 175,000 second feet, as compared with 57,000 obtaining May 15.

"Work of holding Raab Bend, north of Hauser Bend considered proper for local interests to undertake. A possible break at Raab Bend will not materially increase flooded area, provided defensive dike across valley is maintained. Such dike now largely exists in form of ditch banks which can be strengthened and extended at small expense and is considered proper work for local interests.

"Bonded indebtedness for levee, water and drainage systems is over one and three-quarter million dollars. Local interests claim inability to raise further funds. Estimated cost of closing levee break is \$25,000. Levee funds on hand include money obligated on existing contract made before occurrence of break for constructing levee loop under way but uncompleted at time of break. This loop would close gap if constructed according to original plans. Plans may be modified but funds available for contract work will be substantially sufficient for closing break after June flood subsides.

DIVERSION PROBABLE

"If cut-off across Hauser Bend opposite break can be made immediately during rising river large part of flow can probably be diverted through cut and away from levee break. Cut-off between ends of cut-off is 6 feet and strip along proposed cut is partly cleared and ground surface is uneven. Initial cut can be blasted and river scour is expected to complete cut. Cut-off would be partly along a former dike channel. Local interests are

CONGRESSIONAL APPROPRIATION OF \$400,000 FOR PROJECT IN ARIZONA

(EXCLUSIVE DISPATCH)

PHOENIX (ARIZ.), May 31.—C. R. Oldberg, engineer in the Indian service, after completion of the Gila dam above Florence is soon to start work on a second Gila dam, for which a Congressional appropriation of \$400,000 has been made. This is to be at Sacaton, southeast of Chandler and northwest of Casa Grande.

The new structure is to be of the weir type, similar to that placed above Florence, but is to have a superimposed concrete girder bridge eighteen feet wide, designed to carry the heaviest loading known in Arizona highway regulation. The dam will be 1250 feet in length, with an approach nearly as long. During high-water periods water will be diverted to canals on both sides of the river. In slack-water times water for the north side is to be taken by siphon through the dam, this water to be from the Florence Canal, thus conducted to avoid excessive low by seepage in the broad river channel.

Construction of the lower dam was demonstrated to be more economical than the building of a north side canal from the upper dam.

BIG OAK FLAT OPEN

(BY A. F. NIGHT WIRE)

SONORA, May 31.—The Big Oak Flat road to the Yosemite Valley will be open for automobile travel tomorrow. The road is in excellent shape and many automobiles are at the park entrance ready to make the first trip. In places the snow was cut through a depth of eight or ten feet.

This is to be at Sacaton, southeast of Chandler and northwest of Casa Grande.

The new structure is to be of the weir type, similar to that placed above Florence, but is to have a superimposed concrete girder bridge eighteen feet wide, designed to carry the heaviest loading known in Arizona highway regulation. The dam will be 1250 feet in length, with an approach nearly as long. During high-water periods water will be diverted to canals on both sides of the river. In slack-water times water for the north side is to be taken by siphon through the dam, this water to be from the Florence Canal, thus conducted to avoid excessive low by seepage in the broad river channel.

Construction of the lower dam was demonstrated to be more economical than the building of a north side canal from the upper dam.

BIG OAK FLAT OPEN

(BY A. F. NIGHT WIRE)

SONORA, May 31.—The Big Oak Flat road to the Yosemite Valley will be open for automobile travel tomorrow. The road is in excellent shape and many automobiles are at the park entrance ready to make the first trip. In places the snow was cut through a depth of eight or ten feet.

CONGRESSIONAL APPROPRIATION OF \$400,000 FOR PROJECT IN ARIZONA

(EXCLUSIVE DISPATCH)

PHOENIX (ARIZ.), May 31.—C. R. Oldberg, engineer in the Indian service, after completion of the Gila dam above Florence is soon to start work on a second Gila dam, for which a Congressional appropriation of \$400,000 has been made. This is to be at Sacaton, southeast of Chandler and northwest of Casa Grande.

The new structure is to be of the weir type, similar to that placed above Florence, but is to have a superimposed concrete girder bridge eighteen feet wide, designed to carry the heaviest loading known in Arizona highway regulation. RUPTURE Experts

For Men, Women and Children in Pasadena, Representing W. S. Rice, Adams, N. Y.

Our experts, Mr. and Mrs. E. Williams and C. W. Miller, will be at the Maryland Hotel, Pasadena, Calif., June 1 and 5. Every ruptured man, woman and child should take advantage of this opportunity. The Rice Method for Rupture is known the world over. You can now see this Method demonstrated and have a Rice appliance fitted to you. Absolutely no charge unless you are unable to keep the Outfit after trying the Appliance adjusted to you. See how perfectly and comfortably it holds. No harsh, spring-pressing springs; nothing gouges the flesh and makes you sore. Can be worn night and day with positive comfort. It, rubber-like composition and, any degree of pressure required.

Don't wear a truss all your life when thousands have reported cures through using the Rice Method. Why suffer the burden of rupture if there is a chance to be free from trussing forever? Anyway, it cost you nothing to come and see my representative at the Maryland Hotel. Mrs. Williams has separate apartments and will personally attend all lady callers. Office hours 9 to 12 a.m., 2 to 5 p.m., evenings 7 to 9.

Don't miss this great opportunity to see these Experts on trussing.

W. S. Rice, Adams, N. Y.

Tortured Babies Sleep Mothers Rest After Cuticura

HOTPOINT ELECTRIC IRON—Achieves perfect results with least expenditure of energy. The cantilever handle, found only on the Hotpoint Electric Iron, carries the pressure of the arm and wrist on a direct line to the ironing, eliminating the tense grip and bodily strain required in using old style irons. It is equipped with attached heel stand and exclusive hinged cord protector plug that reduces cord breakage.

Buy Service—Don't be Satisfied with just Electricity

Upon the contractor you select to wire your house depends to a great extent—the future comfort and convenience of your household.

That the lights flash on when you push a button indicates nothing beyond the fact that the house has an electrical installation. It is the completeness and quality of that installation you must examine if you are to enjoy satisfactory and lasting service.

Buy service! Buy responsibility! Be sure that the contractor you hire is one who employs good workmanship, uses standard materials, and charges fair prices. Cut-rate electrical service is never economical. You may save as much as one half of one per cent, (\$50.00 on a \$10,000.00 house) on the original bid. But in the end you are likely to find yourself spending five times that amount in replacing faulty workmanship and sub-standard materials, and installing additional convenience outlets, wall switches, etc., that are absolutely necessary in order to make efficient use of the various electrical appliances which bring so much comfort to the modern home.

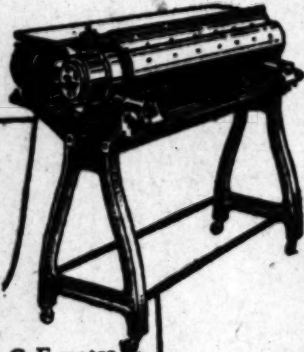

There are plenty of responsible, qualified electrical contractors and dealers, and the Pacific States Electric Company's orange and blue "check" seal is a helpful guide in finding them. This mark identifies a complete line of electrical materials and appliances, chosen by the Pacific States Electric Company from the markets of the world, inspected, and certified by them as standard. They are distributed by electrical contractors and dealers who are responsible and who are qualified in every way to give you the sort of service which you have a right to expect.

The electrical appliances shown on this page, together with other standard electrical products, certified by the "check" seal, are described in our new booklet, "The Electrical How for Householders". You will enjoy this booklet, with its many practical suggestions for the convenient and economical utilization of electricity in your home. It may be obtained free from any electrical contractor displaying this seal.

HOTPOINT RADIANT GRILL—Boils, broils, fries, and toasts—any two operations at the same time, one above and the other below the coils, at the current cost of one. Used in combination with the Hotpoint Ovenette, the Hotpoint Radiant Grill also bakes and roasts. Three heat adjustment saves current. Made of steel finished in polished nickel. Guaranteed one year by Edison Electric Appliance Co.

THOR ELECTRIC IRONER—Does the average family ironing in about one-fifth the time it takes to do it by hand—and does it better. Handles everything from household linen to lingerie. Costs about 5 cents an hour to operate. No special skill is required. The control is simple and automatic. Equipped with G-E motor.

PREMIER VACUUM CLEANER—"First among cleaners." Half a million now in use. Cleans in two ways, by powerful suction alone or by suction plus a rubber-fingered brush. This feature is of great advantage to the housewife. Attachments include tools for cleaning mattresses, clothing, walls, furniture, pianos, etc. May be quickly attached to any convenient outlet. Has air cooled G-E motor.

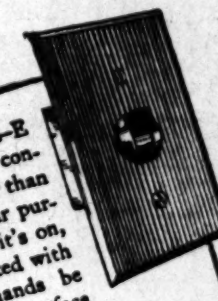

WALKER DISHWASHER—The one thoroughly practical dishwasher. On the market seven years and steadily growing in popularity. Thousands now in use. Directly connected with water supply and drain pipes. Practically eliminates the housewife's most disagreeable task and saves fully an hour a day in time. Current and soap powder cost about 10 cents per week. Has G-E motor.

G-E ELECTRIC FANS—Types and sizes for all purposes. Turn an electric switch and you have breeze and ventilation—when and where you want it. Sturdily constructed and attractive in appearance. Works year after year, silently, dependably, economically. Supplied in both non-oscillating and oscillating types, the latter furnishing a regularly shifting supply of air.

THOR ELECTRIC WASHING MACHINE—The Thor washes everything from fine laces to grimy overalls without any rubbing. It does the week's washing in half the time required by hand methods and eliminates all the hard work of hand rubbing and rinsing. The Thor is scientifically constructed. Over 750,000 now in use. Equipped with G-E motor.

G-E TUMBLER SWITCHES—The G-E tumbler switch is the latest device for controlling circuits, and stands up better than any other device made for a similar purpose. It is self-indicating—up and it's on, down and it's off. It can be operated with the arm, or elbow should the hands be full. Supplied in both flush and surface types. Any finish desired.

THE NEW HOT POINT WAFFLE IRON—The means to delicious waffles, prepared electrically, without smoke or bother—right at the table. Equipped with double aluminum plates, baking entire waffle at one time without "flipping". Heating units are enclosed sheath wire type. Convenient handles, hinges, etc. insure ease of operation and cleaning.

HOPING FOR COMPROMISE

Pasadena Officials Postpone Final Action

Prominent Churchman Returns from Assembly

New Member Joins Directors of Crown City

PASADENA, May 31.—Saying that they had not yet given up hope of a compromise and peace between the First Methodist Church, on one side, and Colorado street property owners who want an alley running through from Los Robles to Oakland avenues, on the other, the city directors today postponed action on reconsideration of the alley question. The matter was postponed one week.

The directors expressed the hope that meantime the church officials and the property owners will agree on a compromise program. The property owners have rejected the compromise of running the alley south to Green street at the junction with the site of the new Methodist church. The alley as authorized by the petition originally granted the property owners by the city directors would run the alley through the middle of the site of the new \$500,000 church.

Dr. John Willis Baer, Pasadena banker and holder of the distinction of having been the only lay moderator of the Presbyterian General Assembly, two years ago, is home from this year's sessions of the assembly, just held in Des Moines.

He describes the Des Moines session as "epochal" in that it brought about an efficient merger of sixteen church boards into four and that it gave promise that the negotiations between the Northern and Southern Presbyterian organizations for a reunion would be successful. The two branches of the Presbyterian church have been separated since the Civil War.

Prof. Carl Thomas, noted engineer and formerly of the faculty of Johns Hopkins University, today took his seat as a member of the Municipal Board of Directors. He was elected last week by the board to fill the unexpired term of Joseph Cant, local banker, who resigned.

After being in a state of coma since struck by a train Monday afternoon, J. S. L. Zion, negro laborer, is still alive at the Pasadena Hospital. His skull was so badly crushed that physicians did not think he could survive more than a few hours. But though he has not once regained consciousness, he still breathes. In spite of this, it is not thought he has a chance for recovery.

Morgan, who was riding on a motor truck with Zion when their vehicle ran into the side of a Union Pacific freight train, is improving. Her left leg was amputated after the accident.

Scout Training Saves Life of Alta Loma Boy

(EXCLUSIVE DISPATCH.)

ONTARIO, May 31.—First-aid training received in his Boy Scout work was today believed responsible for saving the life of Lester Burbank, 15-year-old Alta Loma youth, after he had been bitten by a large rattlesnake while on a lone fishing trip in Day Canyon to the north.

The lad was a mile or more up the canyon when the rattler bit him on the lower left leg. Remembering his scout training the boy promptly took his pocket knife, made two deep incisions over the wound and then tied a tourniquet just below the knee.

This done he made his way to the canyon where the rattler bit him on the lower left leg. Remembering his scout training the boy promptly took his pocket knife, made two deep incisions over the wound and then tied a tourniquet just below the knee.

BURGLARS RUIN NEW BATHTUB

Prowlers Destroy Property of South Pasadena Woman

(LOCAL CORRESPONDENCE.)

SOUTH PASADENA, May 31.—She wouldn't have minded if they had been content with ripping hundreds of feet of expensive copper wire from the new bungalow court she is building on Huntington Drive.

But when malicious burglars did the shimmy with hob-nailed boots in a gorgeous new bathtub—Mrs. Eva Ruff Keller was peeved and called the police.

In addition to the wire stolen and the mutilated bathtub the destructive criminals tore off yards and yards of new plaster, completing a thorough job of wanton destruction.

PLAN DETAILS OF BIG MERGER

San Joaquin Banks Soon to be Consolidated

Court Decision Saves Money for Taxpayers

Fresno "Hi Y" Prepares Ladies' Night Program

FRESNO, May 31.—The acquisition of the Farmers' and Merchants' National Bank of Hanford and the Hanford Savings Bank was completed yesterday by the Los Angeles Trust and Savings Bank, the same institution which purchased the Fidelity Trust and Savings Bank of Fresno some months ago. The banking interests making the purchase now own a chain of banks in the San Joaquin Valley, including the following institutions: Fidelity Trust and Savings Bank, Fresno; Farmers' and Merchants' National Bank, Hanford; Lindsay National Bank, National Bank of Tulare, First National Bank of Visalia, and the Producers and Savings of Visalia.

All the banks are to be merged into one institution. It was announced, to be known as the Pacific Southwest Bank, with assets in excess of \$1,000,000. The consolidation will be completed June 30.

The taxpayers of Fresno county were saved \$200,000, it is estimated, when Judge Benjamin F. Biedose in Los Angeles brought in a decision for the defendants in the suit brought by Warren Brothers' Construction Company, against contractors here, and the county of Fresno, charging infringement of patent.

The Warren company charged that the taxpayers were under the recent \$200,000 bond issue infringing their patent.

J. C. Clark, associate secretary of the Shanghai (China) Young Men's Christian Association, will speak here Thursday night before members of the Hi Y Club of the Fresno technical school. This will be the last meeting of the club this year and ladies night will be observed.

Mr. Clark is a college classmate of George A. Forbes, general secretary of the Fresno association, and was formerly stationed at Portland, Or.

Mr. Shouweiller, whose automobile was seized when he was thought by officers to be involved in a State-wide liquor ring, voluntarily surrendered to the federal authorities here yesterday. He is charged with possessing and transporting liquor and was released under \$1000 bond by United States Commissioner Samuel F. Hollins. The date for his preliminary hearing was set June 2.

ACCEPTS RESPONSIBLE POSITION AT BLYTHE

(LOCAL CORRESPONDENCE.)

BLYTHE, May 31.—Charles L. Van Wert, of Palo Verde, was yesterday unanimously elected as a director on the board of the Palo Verde Joint levee district of Riverside and Imperial counties and also a director of the Palo Verde Drainage District to succeed William J. Burton, resigned, to devote his time to his large interests in Arizona.

Mr. Van Wert had the indorsement of 90 per cent of the business men of Blythe and more than 150 farmers and residents of the Palo Verde Valley and that of many large financial interests of this section of the state.

The present board, consisting of Ed P. Williams, Alex Rife and Charles L. Van Wert, propose to maintain the confidence and support of the valley people as well as outside interests, and to encourage and promote progress.

GIVE A BABY SYRUP PEPSIN

Constipation, biliousness and like annoying life will quickly disappear

A MOTHER is always anxious to give the safest and best medicine to a constipated baby, but is puzzled which to select. Let her decide by the ingredients on the package.

Every bottle of Dr. Caldwell's Syrup Pepsin has the formula printed plainly on the outside of the carton under the portrait of Dr. Caldwell, who wrote the prescription in 1822. You will find that it is a combination of Egyptian Senna and other simple laxative herbs with pepsin. It will not gripe the baby, and it is free from narcotics. A bottle sufficient to last a family several months can be had at any drug store, and the cost is only about a cent a dose.

While no one, young or old, need take a drastic purgative like salts or calomel, be especially careful what you give a child. Some contain minerals, coal tar and other drugs that might prove dangerous by over stimulating the intestines or depressing the heart. The ingredients of Dr. Caldwell's Syrup Pepsin are recommended by the U. S. Pharmacopoeia.

Half-Ounce Bottle Free

For every contribution, no matter how small, if you do not require a bottle at this moment let me send you a Half-Ounce Trial Bottle of my Syrup Pepsin FREE OF CHARGE so that you will have it handy when needed. Simply send your name and address to Dr. W. F. Caldwell, 214 Washington St., Manchester, N. H. Write me today.

Four Out of Five Wait Too Long—

Are your gums tender—do they ever bleed when you brush your teeth?

If so—see your dentist at once and start using Forhan's For the Gums. You have the first symptoms of Pyorrhea.

Incredible as it seems, four people out of every five past the age of forty, and thousands younger, have Pyorrhea.

If neglected Pyorrhea soon runs its deadly course. It loosens teeth until they drop out or must be pulled, and it causes those deadly pus pockets to which scientists now attribute so much serious illness.

If you use Forhan's For the Gums consistently, and use it in time, you can prevent Pyorrhea or arrest its course.

Brush your teeth with Forhan's twice each day. It will keep your teeth and gums in a clean healthy condition.

Don't delay longer. Four out of five fall victims to Pyorrhea because they waited too long. 35c and 60c tubes, at your druggist's.

SAYS 14 YEARS OF RHEUMATISM HAS BEEN ENDED

Los Angeles Woman Is Overjoyed at Remarkable Recovery. Gives Tanlac Full Credit. Gains 18 Pounds in Weight.

"I am at last free of rheumatism that has troubled me for the past fourteen years, and I am so happy that I feel like a young girl again," was the remarkable statement of Mrs. Edward Seybold, 649 Gladys Ave., Los Angeles, Cal.

"For the past four years, I have been in almost constant suffering. The pains in my left side and hips were awful and my arms hurt so bad I could hardly move them. My feet were badly swollen and at night when I went to bed it seemed that my whole body was racked with pain. My nerves were shattered and I lost so much sleep, weight and strength that I was almost helpless and I tried medicines and treatments of every description without getting any relief.

"But Tanlac gave me the happiest surprise of my life for it rid me entirely of the rheumatism, built me up fifteen pounds in weight and I am now in better health than I have been for fourteen years."

Tanlac is sold by all good druggists. [Advertisement.]

NR JUNIORS

One-third the regular dose children—secure a beneficial influence on the digestive and eliminative system—the stomach, liver and bowels.

Price, a Box, 25c

The Sun Drug Co.

To Abolish Gas!

There can be no peace on earth for a vast multitude of people until they get rid of the evil effects of gas in the stomach and bowels.

Those distressing pains around your heart may be due to gas pressure. That anxious nervous feeling, often accompanied by heart palpitations, difficult breathing or a smothering sensation, can usually be traced to the same source.

To secure permanent relief you must abolish gas—prevent its formation. This may be done by taking Bauman's Gas Tablets, which act directly upon the set of nerves controlling the digestive function and quickly cause it removing the cause of the trouble.

Bauman's Gas Tablets are perfectly harmless, but wonderfully effective. The first dose will give you relief. The second dose will give you relief. The third dose will give you relief. The fourth dose will give you relief. The fifth dose will give you relief. The sixth dose will give you relief. The seventh dose will give you relief. The eighth dose will give you relief. The ninth dose will give you relief. The tenth dose will give you relief. The eleventh dose will give you relief. The twelfth dose will give you relief. The thirteenth dose will give you relief. The fourteenth dose will give you relief. The fifteenth dose will give you relief. The sixteenth dose will give you relief. The seventeenth dose will give you relief. The eighteenth dose will give you relief. The nineteenth dose will give you relief. The twentieth dose will give you relief. The twenty-first dose will give you relief. The twenty-second dose will give you relief. The twenty-third dose will give you relief. The twenty-fourth dose will give you relief. The twenty-fifth dose will give you relief. The twenty-sixth dose will give you relief. The twenty-seventh dose will give you relief. The twenty-eighth dose will give you relief. The twenty-ninth dose will give you relief. The thirtieth dose will give you relief. The thirty-first dose will give you relief. The thirty-second dose will give you relief. The thirty-third dose will give you relief. The thirty-fourth dose will give you relief. The thirty-fifth dose will give you relief. The thirty-sixth dose will give you relief. The thirty-seventh dose will give you relief. The thirty-eighth dose will give you relief. The thirty-ninth dose will give you relief. The fortieth dose will give you relief. The forty-first dose will give you relief. The forty-second dose will give you relief. The forty-third dose will give you relief. The forty-fourth dose will give you relief. The forty-fifth dose will give you relief. The forty-sixth dose will give you relief. The forty-seventh dose will give you relief. The forty-eighth dose will give you relief. The forty-ninth dose will give you relief. The fiftieth dose will give you relief. The fifty-first dose will give you relief. The fifty-second dose will give you relief. The fifty-third dose will give you relief. The fifty-fourth dose will give you relief. The fifty-fifth dose will give you relief. The fifty-sixth dose will give you relief. The fifty-seventh dose will give you relief. The fifty-eighth dose will give you relief. The fifty-ninth dose will give you relief. The sixtieth dose will give you relief. The sixty-first dose will give you relief. The sixty-second dose will give you relief. The sixty-third dose will give you relief. The sixty-fourth dose will give you relief. The sixty-fifth dose will give you relief. The sixty-sixth dose will give you relief. The sixty-seventh dose will give you relief. The sixty-eighth dose will give you relief. The sixty-ninth dose will give you relief. The seventieth dose will give you relief. The seventy-first dose will give you relief. The seventy-second dose will give you relief. The seventy-third dose will give you relief. The seventy-fourth dose will give you relief. The seventy-fifth dose will give you relief. The seventy-sixth dose will give you relief. The seventy-seventh dose will give you relief. The seventy-eighth dose will give you relief. The seventy-ninth dose will give you relief. The eightieth dose will give you relief. The eighty-first dose will give you relief. The eighty-second dose will give you relief. The eighty-third dose will give you relief. The eighty-fourth dose will give you relief. The eighty-fifth dose will give you relief. The eighty-sixth dose will give you relief. The eighty-seventh dose will give you relief. The eighty-eighth dose will give you relief. The eighty-ninth dose will give you relief. The ninetieth dose will give you relief. The ninety-first dose will give you relief. The ninety-second dose will give you relief. The ninety-third dose will give you relief. The ninety-fourth dose will give you relief. The ninety-fifth dose will give you relief. The ninety-sixth dose will give you relief. The ninety-seventh dose will give you relief. The ninety-eighth dose will give you relief. The ninety-ninth dose will give you relief. The one hundredth dose will give you relief. The one hundred and first dose will give you relief. DAILY TRADE TALK

Los Angeles Sets New Records for May Business; Stabilizing Exchange; Review

BY CHAPIN HALL

May was a great month for Los Angeles business. Records were broken right and left. Many of the statistics had not been compiled at the close of business yesterday, but it is certain that bank clearings, which accurately reflect trade conditions, attained a new peak; that postal receipts, another indisputable barometer, increased by more than 21 per cent; that the value of exports and imports passing through the home port increased 100 per cent over the corresponding month a year ago; that the building total continues to reflect a marvelous population growth, and that both retail and wholesale trade are running away ahead of comparative months.

BANK CLEARINGS
Los Angeles bank clearings last month reached the highest level in the financial history of the city. The May total, as announced yesterday was \$428,772,683.81, which compared to the previous high record of \$413,290,683 made last March. May clearings showed an increase of 16 per cent over April, and were 24 per cent greater than May, 1921. The 26 per cent gain represents the largest ratio of increase over 1921 made during any month this year. January's gain was 12 per cent, while February and March gained only 10 per cent, and April 15 per cent over the corresponding period last year.

100 PER CENT GROWTH
An increase of 100 per cent, in the value of exports and imports at the local port, is indicated by the May report of Collector of Customs Schwabe, with receipts the highest known in the history of the office. It is a most impressive and convincing statement issued by the new Collector, indicating the growth of foreign trade, both as to imports and exports.

The receipts reached the high water mark of \$170,480.48, as compared with but \$168,480.79 for May, 1921. The imports jumped to \$1,585,941, for the month just closed. Imports for May, 1921, were \$657,453. Exports for May, 1921, were \$717,940; while those for the month of May, 1922, amounted to \$1,872,719. Value of shipments to Alaska, were \$39,000; to Porto Rico, \$345; and to Hawaii \$43,405.

POSTAL RECEIPTS
The receipts of the Los Angeles postoffice for the month of May show a gratifying increase, according to the estimated figures given yesterday. The percentage of increase over the corresponding month last year, is 21.48. The receipts for May, 1922, were \$448,480.48; for May, 1921, they were but \$369,185.50, or an increase of 21.48.

TAX RECEIPTS
The changes in the tax laws relating to both income tax and miscellaneous sources of collection continue to show in the monthly collections of Internal Revenue Collector Goodell.

The figures for May indicated a drop of over \$500,000 compared to the receipts of the same month last year. The collections for May, 1922, aggregated \$1,158,598.27, divided as follows: Income tax, \$161,122.12; miscellaneous sources, \$997,476.15. The collections for May, 1921, were a total of \$1,683,071.52, divided as follows: Income tax, \$737,254.24; miscellaneous, \$945,817.28.

VALUE OF MONEY
Money is a commodity and is dealt in just as other commodities are. When there is unusual demand money is high; when the demand slackens, the price of money comes down.

A question uppermost in the minds of American observers is the ultimate of the stabilization of the value of European currencies in terms of gold. "This," says the Guaranty Trust Company's survey, "must be accomplished at some rate, not necessarily the parity, if the world is ever again to be able to carry on international or domestic trade without the hazard of widely fluctuating exchange rates."

"The position of the paper currencies and the impounded gold reserves of the different European countries," the survey continues, "presents a confused variety of factors, both favorable and unfavorable, which make a study of the situation as a whole desirable. The paper currencies have practically ceased to expand in some countries, in others inflation is going on at a more rapid pace than ever before, while in a few countries material contraction has already taken place."

The same authority says that "a retarding element that holds in check a more general industrial re-

consistent with continued improvement in underlying conditions."

STEADY PROGRESS

Following a survey of business conditions the United States Department of Commerce says that business is making steady progress toward recovery with building construction and auto production setting the pace. Auto production increased 30 per cent over the preceding month while business showed an even greater gain. The most encouraging sign of better business is found in the hardening of prices. A few commodities registered increases and others fell off, but generally the price structure was more stable than in many months.

BUSINESS MELANGE

At 45 years, after forty years of active business life, only five men out of every 100 are self-supporting while ninety-five are dependent upon some other class for food and clothing. If it is true that "as a man thinketh in his heart, so is he," these statistics are a sad commentary upon the brand of thinking most of us indulge in. Concentration, definiteness of purpose and application is the prescription given by practically all successful men of affairs.

The 10 per cent freight rate cut last going to revolutionize either industry or transportation. It is a step in the right direction and will reflect beneficially all through the coming season.

SOLVING LABOR PROBLEM

Secretary Urges Home Absorption Rather Than Dependence Upon a Shirt Tail

(This is the fourth of a series of articles by the United States Secretary of Labor, on the pay of workmen in America, and the advantages of what he calls a "shirt tail" system.)

BY JAMES J. DAVIS,
Secretary of Labor

It has been said that if every Chinaman in the Chinese Empire would add one inch to the length of his shirt it would absorb all the excess cotton manufactured in the world. But the difficulty here is that the length of the Chinaman's shirt is a part of his hereditary customs or habits, just as a few years ago his pigtail was a part of his religion, and he is not going to lengthen his shirt; he is more likely to cut it off.

Producers of cotton and cotton goods will find it much easier to develop their absorbent markets at home. If each of the 7,097,283 men clerks and wage earners in the United States would buy another cotton dress, another woolen dress, another silk dress, the question of unemployment in the textile industries would be solved.

In the family budget investigation made by the Bureau of Labor Statistics last March it was found that among the coal miners' families ran in debt last year an average of that amount. Taken as a whole of the families interviewed and there was an average annual deficit of \$40 due to the lack of steady work throughout the year, not due to wage-rate but to working time or opportunity to produce.

MAKING THE ENDS MEET

Now, it is very clear that if the income of the family does not pay the family expenses, if the wages earned fail to equal the actual necessary expenses, then the butcher, the grocer, the general merchant, and the doctor, are paying in uncollectable bills to the workers in a community what the industries should pay in earnings. No one will argue that an industry which does not pay enough to support its workers is a good thing for a community. In fact all economists class such parasitic industries, sapping the lifeblood out of a community.

LOW EARNINGS NO ANSWER

Reduce the wages to that of the Chinese coolies and you close the factories of the United States, you close the coal mines, you stop the railroads. Cut the standard of living of the American family in half and instead of mining 600,000,000 tons of coal to keep up our factories and run our railroads, you would mine 200,000,000, with the loss of the investment in present equipment and the loss of the profits from the operation of our industries upon which the other 27 per cent of those "grainfully employed" live and upon which those who are merely clipping

NEW ISSUE

\$5,500,000

Sperry Flour Co.

First Mortgage 6% Sinking Fund Gold Bonds

Dated June 1, 1922

Due June 1, 1942

Principal and semi-annual interest (June 1 and December 1) payable in San Francisco and New York. Coupon bonds in denominations of \$1000 and \$500 with privilege of registration as to principal only. Callable on any interest date upon 30 days' notice at 110 until June 1, 1923; thereafter at 115 of 1% less each year. Authorized and to be presently issued and outstanding \$5,500,000. Sinking fund payments commence June 1, 1922. The Bank of California, National Association, San Francisco, Trustee.

In the opinion of counsel, these bonds will be EXEMPT FROM PERSONAL PROPERTY TAXES IN CALIFORNIA

Interest paid without deduction for Normal Federal Income Tax, insofar as lawful, not exceeding 2%.

APPLICATION WILL BE MADE TO LIST THESE BONDS ON THE SAN FRANCISCO STOCK AND BOND EXCHANGE.

We call your attention to the enclosed letter from Seward B. McNear, Vice-President and General Manager of the Company, from which we summarize as follows:

Company has been in successful operation since 1892, and represents an amalgamation of businesses established many years prior thereto. Business of Company has shown a gradual and consistent growth, until today Company is the largest manufacturer of flour on the Pacific Coast. Its products, for which there is a stable demand, are marketed under well-known trade names. Company's plants and properties are located in Stockton, Vallejo, Fresno and Los Angeles, California; Spokane, Creston and Tacoma, Washington; and Ogden, Utah.

An appraisal of fixed assets made by the American Appraisal Company in 1920, plus the value of properties acquired since that date, indicates a reproductive property value of \$13,501,491.52 and a sound property value of \$11,289,631.65. In addition to the above, net current assets as of April 30, 1922, without giving effect to this financing, amount to \$4,235,958.57.

Bonds constitute the sole mortgage indebtedness of the Company upon the redemption of present indebtedness, provision for which is made in this financing, and will be secured, in opinion of counsel, by an absolute first mortgage on all fixed assets now owned or hereafter acquired.

Average net earnings applicable to interest charges for the six years ending June 30, 1920, amounted to \$1,607,706.87. Operations for the year ended June 30, 1921, showed a substantial loss as a result of general industrial depression. Net earnings for the ten months ended April 30, 1922, amounted to \$912,046.57, which is at an annual rate of more than 3 times the annual interest charge on these bonds.

Annual Sinking Fund payments commencing June 1, 1923, amounting to 15% of the net earnings after proper charges and in any event not less than \$100,000 will be paid to the Trustee and will be used (a) to purchase bonds in the open market; (b) to call by lot at the call price; or (c) may upon order of the Company be invested in approved securities. Bonds may be tendered by the Company to the Trustee in lieu of cash. Bonds purchased by the Sinking Fund shall be cancelled.

All legal details pertaining to the issuance of these bonds will be subject to approval of Messrs. Goodfellow, Ellis, Moore & Orrick, San Francisco, for the Company, and Messrs. Pillsbury, Madison & Sutro, San Francisco, for the Bankers.

Interim receipts secured by deposit of funds with Trustee will be presently available for delivery, pending delivery of definitive bonds.

Bonds offered when, as and if issued and received by us.

**"The Bank
Across the Street"**

CERTAINLY a town of 5,000 people has two banks, one across the street from the other. One bank uses Moody's Rating Book Service; the other does not.

BOTH banks are prosperous, but neither invests in many bonds for its own account. But the bank which uses our Service has doubled in size during the past five years, while the other bank has increased only 25%.

Why is this? The answer is that this town contains a large number of investors and people of means and a few years ago was a happy hunting ground for "get rich quick" promoters. Every body began to make inquiries of their bank regarding the merit of the securities offered to them.

One bank met this new demand of its customers by installing Moody's Rating Service; the other did not. Result: in a little while business began to drift in volume to the bank with the rating service, for good, authoritative advice could always be given at a moment's notice. Consequently, very few of the progressive bank's customers became poor through risky speculations.

But "the bank across the street" did not have the facilities to help its depositors.

**Notice of Redemption to
Holders of Victory Notes
and others concerned:**
Notice is hereby given as follows:

1.—Call for redemption of 3% Victory Notes. All of these 3% series of United States of America Convertible Gold Notes of 1917-1922, otherwise known as 3% Victory Notes, are hereby called for redemption on June 15, 1922, pursuant to the provision for redemption contained in the notes and the Treasury Department circular No. 118, dated April 21, 1918, under which the notes were originally issued. Interest on said Victory Notes of the 3% series will cease on said redemption date, June 15, 1922.

2.—Suspension and termination of Victory Note Conversion Privilege. In view of the call for the redemption of all 3% Victory Notes on June 15, 1922, and pursuant to the provisions of said Treasury Department circular No. 118, the privilege of conversion of Victory Notes of other series into Victory Notes of the 3% series is hereby suspended effective February 8, 1922, to June 15, 1922, and inclusive, and on June 15, 1922, will terminate. Victory Notes accordingly may no longer be converted into Victory Notes of the 3% series.

3.—Detailed information as to the presentation and surrender of 3% Victory Notes for redemption is given in Treasury Department circular No. 277, dated February 8, 1922, copies of which are available at the Treasury and the Federal Reserve Banks.

A. W. MELLON,
Secretary of the Treasury.

BUSINESS NEWS

New Pacific Coast bond flotations are holding the center of the investment stage at present, with two important issues, of an aggregate value of \$13,500,000, appearing on the market today. A syndicate, headed by Blyth, Witter & Co., Halsey, Stuart & Co., and the Continental and Commercial Trust and Savings Bank of Chicago is bringing out \$5,000,000 Sutter Basin Company land mortgage fifteen-year sinking fund 6 per cent gold bonds at 97, to yield 5.80 per cent. The other new issue is \$5,000,000 Sperry Flour Company first mortgage 6 per cent sinking fund gold bonds due 1942, which will be sold at 98 1/2, to yield 6.10 per cent, by a Blyth-Witter syndicate.

The Sutter Basin bonds will be guaranteed as to principal and interest by J. Ogden Armour, and will be secured by a first closed mortgage on 54,208 acres in Sutter county, which have been valued at more than \$15,000,000. The company plans to retire this issue by maturity from the proceeds of land sold.

The Sperry flour issue is callable at 110 until 1923, and thereafter at 1 1/4 of 1 per cent less each year. Net earnings of the company for the ten months ended April 30, 1922, amounted to more than three times annual interest charges on these bonds.

New underwritings in the East yesterday comprised \$3,934,000 Province of Manitoba 5 per cent bonds, \$3,540,000 New York, New Haven and Hartford Railroad 6 per cent equipment notes, and \$3,957,000 city of Norfolk (Va.) 4 1/4 to 5 per cent bonds.

The District Bond Company and the California Company yesterday offered at par an issue of \$500,000 Union Rock Company first mortgage sinking fund 7 1/4 per cent bonds, due 1925. The company is one of the largest distributors of rock, sand and gravel in Southern California, furnishing its products for general construction purposes to railroads, irrigation projects, highways, streets and buildings. Its properties have been appraised at over \$2,000,000 and earnings applicable to interest have averaged for the past two years over three times the interest requirements of this issue.

BRANCH OFFICES

Announcements of the opening of new branch offices were made by three Los Angeles banks yesterday. The Commercial National Bank is installing two more agencies under its new expansion policy. One of these agencies is located at Seventh street and Central avenue and will be under the management of F. C. Turman, assistant manager, while F. M. Smith will act as assistant manager. The other will be known as the Highland Park agency and is located at the corner of Avenue 54 and Pasadena avenue. J. G. Cortelyou will be manager of this branch and E. F. Cox, assistant manager.

Two more branches of the Los Angeles Trust and Savings Bank open today. They are at Seventh and Valencia branches, 1510 West Seventh street, and the Ninth and Figueroa branch, 729 West Ninth street. Emel A. Smith has been appointed manager of the Seventh and Valencia branch and F. C. Warner as manager of the Ninth and Figueroa branch.

The harbor branch of the Bank of Italy opens for business at 240 West Sixth street, Los Angeles Harbor, today. The institution, the fifth subsidiary of large Los Angeles banks to be established at the port within the last five months, W. G. Cuppa, formerly on the staff in the Bank of Italy's main offices here, has been named manager of the new institution. He will be assisted by Nick Scarich. Los Angeles Harbor business men will make up the personnel of the board of directors, yet to be selected.

GOLD DUST'S SHOWING

One sample ranging in value from \$133.50 to \$206.40 a ton in a rich zone two feet wide were taken from the Gold Dust properties at Oatman yesterday, according to private advices received by A. W. Coote. These assay returns were received from the core of a diamond drill which has been carried horizontally to the south from a 500-foot level.

CAHN, McCABE & CO. QUEN.

Cahn, McCabe & Co., local investment brokers, have moved into their new quarters at 716 South Spring street, where a new two-story building has been erected especially for their use. The removal from their old offices in the Van Nuys Building was accomplished during the early part of the week. Principals of the firm are Cahn, McCabe and Barkman C. McCabe.

OIL MAN RESIGNS

The resignation of Adam Underwood, assistant manager of the land department, was announced by local officials of the Union Oil Company of California yesterday. Mr. Underwood has been identified with the Union Oil Company for over a decade and has been active in local petroleum circles. He intends to remain in Los Angeles and will probably center his future activities around the Howard N. Martin Company, investment brokers, of which concern he is secretary and treasurer.

PACIFIC GAS REPORT

According to the annual report issued yesterday, Pacific Gas and Electric Company ended 1921 with a surplus of \$4,969,230, equal after preferred dividends, to \$3.34 per share. The company's financial picture is a surplus of \$3,919,959 or \$6.20 per share in 1920.

TICKER TICKS

C. W. Barron, president of Dow Jones & Co., back from Geneva, says the conference was more of a success than is generally realized. The problem of Russia and German reparations are too big to be understood, but a great advance was made. He asserted that 12,000,000 Russian people will die because of the failure of the crops.

Mexican Minister Huerta arrived in New York for a conference with bankers on Mexico's financial problems, which starts tomorrow. Average price twenty Industrials, 86.41, up .34; 20 rails, 86.83, up .17.

BOND QUOTATIONS

LIBERTY CROSS PAR
(BY A. P. NIGHT WIRE.)

NEW YORK, May 31.—The bond market today was noticeably, chiefly from the fact that practically all the Liberty issues sold at par or better on very heavy transactions, including several individual issues of \$1,000,000.

In the main the bond list was uneventful, although investment offerings among transportation, electric, and industrial issues applied to a number of the foreign loans, Mexican 4s and 5s excepted.

The features of the relative decline of the Pacific Central Pacific railroad trust 4s. That issue reached about half-way from its par value of over 110 points on Monday, following news of the Supreme Court's decision declaring the merger of those companies. Chicago and Ohio, Atlantic Coast Line, Southern Railway and St. Louis and San Francisco issues continued the features of previous days.

Reading and several utilities, including American Telephone and Telegraph, registered small gains. Total sales over \$100,000,000.

New York Bond List.

NEW YORK, May 31.—Following are the closing prices of the Liberty bonds on the New York Exchange. Furnished by Logan & Bryan.

WOOLWINE QUIZ BY JURY LIKELY

Civil Service Board Inquires Into Woman's Story

Asserted Intimate Relations Detailed in Letter

District Attorney Withholds Comment on Charges

(Continued from First Page)

Mr. Woolwine, it was indicated by Secretary Doty of the commission, who explained the procedure in such cases. The discharged employee has filed an answer and the employer now has the opportunity to make final notice of the dismissal or to take whatever action he deems fit in view of the answer, it was said.

Miss Jones, who had been in Mr. Woolwine's employ for seven years and who is about 35 years of age, sent her answer to the commission, which is, in part, as follows:

ISSUES STATEMENT

"Gentlemen:

"In reply to Mr. Woolwine's reason for discharging me, from the county service, and recently filed on record at your office, I wish to make a reply as follows:

"I deny absolutely that I ever said to anyone that I would sell, or offer for sale, any story or article regarding myself or Thomas Lee Woolwine. I deny that I ever considered or thought of doing such an act.

"I am not charged with incompetency, or neglect of duty, or any act that would constitute grounds for my dismissal from the county service. The service rendered by me to the county of Los Angeles, has always been of value, such that would entitle me to hold my position at the salary I received.

"The truth, and I am not going to shrink the truth, nor am I going

"Let's tell the public all about the whole business, and tell the true reason why he discharged me, which, in fact is that when my poor miserable body became too ill for Woolwine to use it longer, then, and not until then, did Woolwine conceive the idea of kicking me out of the county service."

"Woolwine did not, of course, jump right into the newspapers with his mad upsets, claiming a story of \$10,000, claiming I offered to sell my story to his enemies to ruin him. Woolwine had already secretly engineered the placing of me aside from my position of high power and influence in connection with the administration of the office. And no longer was I allowed a voice in Woolwine's policy. But, aggressively speaking, I was, in fact, the wolverine, the gorilla of Woolwine's power. Woolwine was in possession of the dreadful truths all the time."

"Woolwine knew I could not return him, for he had already ruined himself by his own willful acts. Woolwine, knowing my pride, and of the good blood coursing in my veins, relied on the facts that with my heart broken, my health gone, and that my spirit would break, and that I would fade from the picture. Woolwine nearly succeeded, but my spirit would not break. I became enraged. I went to Woolwine, I threatened him by telling him I would tell the whole truth. That I would tell the world our true relations. I did not, at that time, intend to really do this. Woolwine laughed in my face, and said to me, 'You have not one friend in this office, and I will ruin you anyway.'"

"ALWAYS WOOLWINE

"I could see Woolwine in my waking hours, and in my sleeping hours, always Woolwine, in his favorite newspaper, giving the attitude of the accusing finger pointing at a murderer. I could hear him reviling an old man, an old man whose only apparent desire in life was to bring relief to the suffering of the Lord and to all of those who suffered and were afflicted. And I could then, again see Woolwine pointing the accusing finger and again accusing of murder. Then the scene was changed, and I could again hear him reviling me, 'I will go with you. I will be with you when the doctor performs the operation. He did not go. Then as I was about to sleep, strange calmness came to me. I said to myself, 'I will tell. I did not say, 'I will tell.' I did tell much already. I will tell all."

"Woolwine took me to his own home. His wife was away. To Woolwine nothing is sacred. "Woolwine knows the truth, and knows that all I am saying is true. The world knows the truth, and that Woolwine cannot shut from his own mind the truth. That which I am speaking and writing is truth."

"WOOLWINE WARNED

"Woolwine knows that I advised him that it would be dangerous for him to go to the doctor's office with me while that operation was being performed, and he knows he sent a woman with me, and had a man take me to the doctor's office. Woolwine knows that this woman went with me to one of his deputy's homes. That the same man took this same woman and me to the deputy's home from the doctor's office. Woolwine knows that I stayed at this deputy's home for about two weeks. And Woolwine knows that neither the deputy nor the deputy's wife knew the true nature of the operation performed on me, but that they were told I had undergone a slight rectal operation."

"The world knows that Woolwine has not publicly denied his relations with me, but only publicly accuses me of, and untruthfully so, offering to sell a story to ruin him."

"Woolwine knows that I was at Elizabeth Lake for about two weeks recovering from my first operation and knew at the time that I was there, why I was there. And Woolwine brought his wife up there with him when he came there to see me regarding my condition."

"Woolwine knows that I, as a county employee, worked in my office at the Hall of Records 'locked in' for two weeks, just before his second campaign, getting

STUDENTS' .. OPERA .. CAPTIVATES

Premiere at Lincoln High Enthusiases Throng

"Pierrette Among the Shepherds"

In the foreground are Carl McElroy as Harlequin and Miss Ruth Miles as Gracielita. Left to right in the background are Vivian Page as Camilla, later Pierrette; Clarence Gordon as the father, and Franklin Pierce as Pierrot.

If New York audiences show as great an appreciation of "Pierrette Among the Shepherds" as was manifested yesterday afternoon by those who enjoyed its premiere presentation by students of the Lincoln High School, there is a strong probability that the author, Louis Woodford Curtis, head of the musical department of the school, will desert the educational fields of Los Angeles for the theatrical realms of Gotham.

Mr. Curtis, composer and director of "Pierrette," is also the author of "The Marriage of Nanette," produced for the first time last year at the Lincoln High School, and which was recently sold to a New York theatrical company, and negotiations are now under way for the production of the new musical comedy. "Pierrette" will be presented again this evening, tomorrow evening and Saturday evening.

together the list of business men who stood as Woolwine's committee for re-election for the office of District Attorney, and Woolwine knows that I worked at Woolwine's headquarters for about two weeks. Woolwine knows that I personally gathered about \$4000 of his \$12,000 fund for this campaign.

TO SAN PEDRO

"Woolwine knows that on Aug. 25, 1917, at about 1 p.m., acting under his instructions, I went to the Angelus Hotel at San Pedro, Cal., and that there I registered as Mr. and Mrs. J. D. Edwards, San Diego, Cal., and that I met him (Woolwine) when he arrived in San Pedro on that date, and that I told him the number of the room at the Angelus Hotel that I had been assigned to, and Woolwine knew that he followed me to this hotel, and that he became afraid when he reached the hotel, because he knew I followed him, and that he knew him, and Woolwine knows that he registered at the Angelus Hotel as Thomas L. Woolwine and then came to my room. And Woolwine knows that he came to my room for an unlawful purpose."

"Woolwine knows a lot all right. Now yell 'Murder' Mr. Woolwine, now laugh in my face, and tell me you will ruin me again—but let's tell all the truth—let's tell the rest of it. Let us have all the rest; who knows this come up and tell the truth also."

"Respectfully, I submit to this Honorable Commission that Woolwine did not state the real, or a proper reason for dismissing me from the County Service. "I hereby ask that this commission give me a public hearing and take evidence in the above case, and determine wherein the truth is."

"Respectfully, (Signed) IDA WRIGHT JONES"

SPECIAL SESSION

The commission met in special session yesterday at which the answer was received. No action was taken on it other than to receive and file it officially as part of the records of the case. The commission then dispatched the following message to Mr. Woolwine: "Dear Sir: "At its meeting of May 31st, the Los Angeles County Civil Service Commission received and ordered filed an answer by Ida Wright Jones to reasons assigned for her dismissal. The commission ordered that the receipt and filing of this answer be reported to the District Attorney. "Yours sincerely, "County Civil Service Commission"

Longshoreman is Near Death from Ship Fall

Marvin McKay, 18 years old, of Lomita, today lies near death at Hillside Hospital, Los Angeles Harbor, as the result of injuries received when he fell into the hold of the Admiral Hiner Rutherford at Wilmington yesterday.

VISIT BRAZIL, SPEAKER'S PLEA

Angelenos Asked to Attend Exposition in September

South American Describes Country's Wonders

Marius De Brabant Also Addresses Chamber

Speaking with a refreshingly foreign accent, Senhor Sebastiao Sampla, representing the President of Brazil, entertained 200 members of the Chamber of Commerce for nearly an hour at the Alexandria yesterday, closing his lecture with an invitation to everybody in Los Angeles to attend Brazil's Centennial Exposition, to be held at Rio De Janeiro September 7.

Mr. Sampla, who is touring the United States and Canada for the State Department of Brazil for the special purpose of establishing broader commercial and social relationship between the southern republic and the North American peoples, smilingly told his audience yesterday that Los Angeles is a wonderful city and that everybody knows all about it—excepting the people of Brazil, and that probably even Brazilians know more of Los Angeles than Angelenos know about Brazil.

"Do you know that Brazil comprises one-fifth part of the surface of the globe?" asked the speaker. "If it took God six days to make the world and He worked at the rate of twenty-four hours a day it took Him just ten hours to fashion Brazil. I can't tell you how many hours about what it took the Creator ten hours to create, but let me tell you just a little about our beautiful country."

STATISTICS ON COFFEE

"We produce 75 per cent of the world's coffee crop and 75 per cent of the manganese. Brazil stands second as a producer of cocoa, second in corn production, and third in the production of cattle. Half of the 62,000,000 population of South America, resides in Brazil, and our people—contrary to popular belief in America—speak the Portuguese language, not Spanish.

"But let's talk a little more about coffee, a drink of which you all seem to be so fond. The world's production of coffee is about 50,000,000 bags annually. The United States drinks half of it. You drink more coffee in America than do in Brazil. Now, since Los Angeles is the natural port of the Southwest and at present the greatest port on the Pacific Coast, why don't you make this city the coffee distributing center for the entire section of America west of Oklahoma? You already have a good start, for during the last six months you imported into Los Angeles from Brazil 7000 bags of coffee a month."

INVITES ANGELENOS

"Also, why don't you folks come down to visit us occasionally? Last year more than 200,000 Americans went to Europe, and not one of you came to South America. The Europeans came to see us—and they are still coming. If you want scenic beauty, if you want hospitality, if you want to visit a republic that has not yet inaugurated a tariff amendment—come to Brazil. Besides, you owe us a visit, especially at our centennial celebration of our independence from Portugal. At your last independence centennial the only foreign power officially represented by its leading character was Brazil, which sent you Emperor Dom Pedro. Of course, now we have a republic, fashioned after the Constitution of the United States, but I'm sure you will not object to that."

Among other speakers yesterday was Marius De Brabant, Los Angeles delegate to the foreign trade conference at Philadelphia. Mr. Brabant pointed out that the remedy for lack of sufficient raw materials in all nations is the production of new wealth that will produce new taxation which could be comfortably met.

Fred L. Baker, president of the Los Angeles Shipbuilding Company, said that the new line between Los Angeles and Honolulu will probably be in operation by next September.

NURSE DIES WHEN AUTO LEAPS CLIFF

Car Plunges 800 Feet Into Canyon; Driver Escapes; Baby Found Smiling

Miss Leah Miller, 31 years of age, 4554 Hollywood Boulevard, was almost instantly killed yesterday when the automobile in which she was riding with Thomas H. Cantwell of this city, swerved from the road on Clark's grade near San Bernardino, and plunged 800 feet down the embankment.

Mr. Cantwell and his two-year-old son received virtually no injuries, despite the fact that they were not thrown clear of the car until it had turned over many times. The baby was hurled from the car, it was rolled about 200 feet and was found smiling in a clump of bushes.

Miss Miller was dashed against a boulder, her skull being crushed and her neck broken. She was a nurse in the Cantwell home. Her body was taken to Redlands and will be brought here today.

Auto Parking is Barred from Another Block

"If we keep on extending these no-parking zones," said Councilman Spurr at yesterday's session of the City Council, "there will be no place left in Los Angeles where one can park a automobile."

He voted against adding Los Angeles street between Eighth and Ninth streets, to the downtown congested district, in which stringent traffic regulations prevail. But the other Councilmen voted "yes" and the Los Angeles street block was added to the congested area.

SUES CORPORATION

Rena L. Coleman brought an action in the United States District Court yesterday against the Coleman Boiler Corporation, doing business at San Marcel, N. M., for \$100,000 damages, for the asserted misuse of stock and also for damages for the use of a patent claimed by the plaintiff.

At its meeting of May 31st, the Los Angeles County Civil Service Commission received and ordered filed an answer by Ida Wright Jones to reasons assigned for her dismissal. The commission ordered that the receipt and filing of this answer be reported to the District Attorney.

"Yours sincerely, "County Civil Service Commission"

Longshoreman is Near Death from Ship Fall

Marvin McKay, 18 years old, of Lomita, today lies near death at Hillside Hospital, Los Angeles Harbor, as the result of injuries received when he fell into the hold of the Admiral Hiner Rutherford at Wilmington yesterday.

MARY PICKFORD DIVORCE UPHELD

(Continued from First Page)

that Miss Pickford had remained in Nevada only seventeen days, without establishing a residence there; that Owen Moore went to Nevada with the "sole and only motive" of being "served with the papers in the case," that he immediately gave power of attorney to a lawyer there and returned the same day to Los Angeles.

Next, it was recited, Mary Pickford, "wrongfully, wilfully, and unlawfully" caused a marriage license to be issued to her and Douglas Fairbanks and caused a marriage ceremony with him to be performed and accordingly said "fraudulent plan" was "finally consummated."

For two years thereafter, until yesterday, the fight was waged over the question of summoning her to defend the legality of the divorce.

FIND WARD CASE WOMAN HERE

(Continued from First Page)

suit for damages against young Ward fell on a charge of criminal conspiracy. She asserted at the time that Ward broke down the door of her hotel apartment and attempted to assault her, aided by his chauffeur and another man.

"I don't know who the 'woman in the case' may be," she said, "but, knowing Ward as I do, I know there is a woman somewhere. I don't know the dead man, either, but he may have had knowledge of an affair between Ward and some woman. There is a woman somewhere."

Miss Kendall's theory is also that of another girl, a letter from whom was received by the court yesterday. The girl, whose name was not divulged, is residing in New York and is said to have prevented the asserted attempt at abduction eight years ago. In this letter, the girl also uses the words: "Find the woman and you'll find the solution."

Miss Kendall was scathing in her denunciation of Ward and his conduct.

"He associated with large numbers of women," she said. "Some were married, some unmarried and some had children. He squandered large sums of money on them and he boasted of his conquests. He is a man absolutely without honor or when it comes to women."

"Yes, he made love to me—the kind of love he made to many, many other women. But I was different. I was not dazzled by his money nor his good looks."

"When he rescued I had not fallen into his web, he attempted to seduce me."

HIGH BLOOD PRESSURE

BLOOD PRESSURE is the modern method of estimating health. High blood pressure is nature's warning and cannot be disregarded with impunity. Poisons resulting from Bright's Disease and intestinal fermentation are common causes.

Many sufferers from High Blood Pressure go to Hot Springs, Ark., on the advice of physicians to drink Mountain Valley Water, the most famous water of this great health-restoring resort.

You can now obtain Mountain Valley Water. This wonder water of Hot Springs is now at the service of all ailing men and women in this city. It is prescribed by physicians in cases of

Bright's Disease, Diabetes, Rheumatism, High Blood Pressure, Hardening of the Arteries, Gravel, Stomach, Liver, Kidney and Bladder Diseases.

Call 238-71—or write us today.

We'll give you complete information about Mountain Valley Water either by telephone or letter. Ask us to send you the Mountain Valley booklet, together with analysis and price of this beneficial water. We deliver Mountain Valley Water either in bottles or casks.

Mountain Valley Water is pure, delicious and refreshing, many use it as a table water and preventive of disease. Mountain Valley Water has helped thousands in their search for health. Give it a chance to aid you. It helps you to keep fit; it increases your disease-resisting power, it is beneficial in relieving conditions for which it is recommended.

Come in and sample it FREE

FROM HOT SPRINGS, ARKANSAS

NEW SEWAGE PLAN OFF

Pipe Line and Treatment Plant Suggested

Engineer Outlines City Board

Clarified Waste to be Into Ocean

Venice having object Angeles turning its a temporary wooden from Arlington avenue City Engineer Griffin presented to the Board a new plan for the city's excess flow of building the pipe line beyond Culver Building a treatment clarify the waste and into Ballona Creek.

This is the fourth plan by City Engineer Griffin the injunction issued by Judge Wood prohibiting from turning raw sewage into Ballona Creek.

The first plan was to reservoirs in the south part of the city to store sewage during the day turn it at night when the sewer was not filled.

GIVEN RIGHT OF The plan was abandoned because of the cost and fear that property owners have protested against the use of the sewer tanks in strict. The next plan proposed to build a treatment plant at the mouth of the Los Angeles River, where the sewer would be turned without nuisance into Ballona Creek. This plan was denied because of the first setting at Angeles. Then the City Engineer proposed to build a 600 wooden pipe line along the coast to the sea, screening the sewer, the ocean waves, and demanded that the pipe line to Hyperion Los Angeles city officials to do this, and so the plan was presented yesterday proved by the Board of Works.

Under the new plan, City is to give free rights of the wooden pipe line through the city, and the treatment plant below City.

The immediate installation of a sewer system of 1400 ft. was recommended day afternoon by the City finance committee, of Chairman M. H. Muesel, who recommended that the city purchase the sewer for \$200,000, and upon the City Council's approval, the sewer be turned over to the city.

These flumes will reduce the cost of the sewer, said Councilman, "and they should be in the and not in a storage yard."

Masons Hold Open Meeting for First Time

For the first time in the history of the oldest members, the California Lodge No. 278, A. M., held an open meeting last night at the Masonic Temple, 278 S. Main St., Los Angeles.

Dr. J. Whitcomb, Master of Temple Baptist Church, spoke at the meeting, and those of his friends, the Davis sisters, buglers, and a quartet and Watson Scotch Kilted Band.

Worshipful Master J. Knight turned the meeting over to Warden Percy W. H. Jones, who was assisted by George N. Seymour and Warden W. H. Bezzo, of the entertainment committee.

Two Honest Men Meet Bunko Good-by \$25

Into the "little black box" by bunko operators dropped today the life savings of Vukojev, 413 Brooklyn, and those of his friend, Sanches, 4013 Brooklyn, in all, \$2150.

When Vukojev and Sanches were on a bench in Hollywood Park yesterday, they found ready occupied by a man who had been left by a friend who had died in Alaska, had left a letter to be distributed to the poor Los Angeles priest. He had asked to find the priest, he was looking for two "honest men" to handle the money.

As security, they drew their money from a bank—that's about the three cases.

Couple Held to Answer on Three Charges

Donald Dawson, who has recently as defendant in three cases, and his wife, Mrs. Virginia Morton-Dawson, were held to answer yesterday by Judge on three counts of forswearing affidavits and chicanery in a case against them in testing a check, according to Attorney added by Dep. Attorney General, was for \$1150 was passed on a local department store.

Dawson also is accused bigamy in marrying Virginia Morton in San Francisco, being held on bail required in the three cases.

NEW SEWAGE PLAN OFFERED

Pipe Line and Treatment
Plant Suggested

Engineer Outlines Idea to
City Board

Clarified Waste to be Turned
Into Ocean

Venice having objected to Los Angeles turning its sewage into the ocean at Playa del Rey through a temporary wooden pipe line from Arlington avenue to the sea, City Engineer Griffin yesterday presented to the Board of Public Works a new plan for disposing of the city's excess flow of sewage by building the pipe line to a point beyond Culver City and there building a treatment plant to clarify the waste and then turn it into Ballona Creek.

This is the fourth plan proposed by City Engineer Griffin following the injunction issued by Superior Judge Wood prohibiting the city from turning raw sewage into Ballona Creek.

The first plan was to build large reservoirs in the southwestern part of the city to store the excess sewage during the daytime and turn it at night when the outfall sewer was half-filled.

GIVEN RIGHT OF WAY

This plan was abandoned because of the cost and for the reason that property owners would have protested against the building of the sewer tanks in their district. The next plan proposed was to build a treatment plant at Angeles Mesa Drive, where the excess sewage would be treated and turned without nuisance into Ballona Creek. This plan was abandoned because of the difficulty in getting at Angeles Mesa Drive as far as the treatment plant.

Then the City Engineer proposed to build at a cost of \$500,000 a wooden pipe line from Arlington street to the sea and after receiving from the city into the ocean. Venice objected to this and demanded that the city route the pipe line to Hyperion. The Los Angeles city officials refused to do this, and so the fourth plan was presented yesterday and approved by the Board of Public Works.

Under the new plan, Culver City is to give free rights of way for the wooden pipe line through that city. Los Angeles will construct the treatment plant below Culver City.

The immediate installation in the sewer system of 1400 automatic flushers was recommended yesterday afternoon by the City Council's finance committee on motion of Chairman Muesel. Three thousand of the flushers were purchased by the city several years ago, at a cost of more than \$200,000, and upon investigation Chairman Muesel discovered that 1400 of the flushers were rusted into a city storage tank. The committee recommended the hiring at once of two men, eight bricklayers and fourteen laborers to install the remaining sewer flushers within the next thirty days.

"These flushers will materially reduce the burden on the outfall sewer," said Councilman Muesel, "and they should be in the sewers and not in a storage yard."

Masons Hold Open Meeting for First Time

For the first time in the memory of the oldest members, Southern California Lodge No. 273, F. and A. M., conducted an open meeting last night at the Masonic Temple, 7th and Figueroa streets, for their members, their wives and friends. No. 273 is one of the oldest and largest Masonic lodges in Los Angeles.

Dr. J. Whitcomb Brougher, pastor of Temple Baptist Church, spoke on "A Pot of Incense," and musical numbers were given by the Davis Sisters, the Anselm Quartet and Watson's Royal Quartet.

Venerable Master J. E. McKnight turned the meeting over to Junior Warden Percy V. Hansen, who was assisted by Senior Steward George N. Seymour and Senior Warden W. H. Benson, composing the entertainment committee.

Two Honest Men Meet Bunkoist; Good-by \$2150

Into the "little black box" used by bunko operators dropped yesterday the life savings of Mate Vukojev, 412 Brooklyn avenue, and those of his friend, George Hansen, 4613 Brooklyn avenue—in all, \$2150.

When Vukojev and Hansen sat down on a bench in Hollenbeck park yesterday, they found it already occupied by a man who told them his uncle, who had recently died in Alaska, had left \$35,000 to be distributed to the poor by a Los Angeles priest. He had been unable to find the priest, he said, and was looking for two other "honest men" to handle the money. Vukojev and Hansen volunteered.

As security, they drew their savings from a bank—that's about all.

Couple Held to Answer on Three Charges

Donald Dawson, who has figured recently as defendant in three different cases, and his wife No. 2, Mrs. Virgie Morton-Dawson, were held on three counts of forgery without sufficient funds in the testimony adduced by Dep. Dist. Atty. Costello, was for \$150 and was placed on a local department store.

Dawson also is accused of helping in marrying Virgie Bernice Morton in San Francisco. He is being held on bail required in each of the three cases.

Mothers' Program

Miss Donzella Cross will give an illustrated talk on Music Appreciation in the Home. Her experience as Musical Educational Lecturer for the Victor Talking Machine Company enables her to show in a simple, practical way, how all mothers may direct the musical training of their children from the cradle up.

—She will use the following Victor Records as illustrations, explaining their uses in her own inimitable way.

- Little Children
1. Lullaby: Slumber Boat.....46975
 2. Rock-a-Bye Baby.....18464
 3. Tummy, Tummy, Tummy.....18464
 4. Story in Music: The Sea.....44076
 5. Mother Goose Songs.....17004
 6. Children Six to Ten
 1. Game: London Bridge.....17104
 2. Jolly in the Miller.....17567
 3. Songs: The Wild Wind and Twinkle, Twinkle Little Star.....18887
 4. Robbin, Pretty Puss.....18886
 5. Story: Teddy Bear's Picnic.....16001
 6. Dramatic: The Little Hunter.....18508
- Musical Enjoyed by Both Children and Adults
1. Minuet Waltz (Chopin).....64971
 2. William Tell Overture.....17112-18012
 3. Pure Music: Waltz (Brahms).....66041

The Blouse

Coincident with the coming of June it has for years been customary at Bullock's, for Blouse Activities to accelerate with special presentations that reach a climax of Value—

Exquisite Beaded Overblouses of Crepe de Chine Go on Sale at the Impelling Price of \$8.95

Every one of them New. A fascinating array of elaborately beaded designs. They are made in the clever smock effect in white, orchid, jade and Dutch blue.

Many Blouses of Crepe de Chine, Georgette and Crepe Knit Have been Reduced to \$5.00 each

—Both the Overblouse and Tuck-in effects are in evidence. Clever tailored and semi-tailored ideas in Crepe de Chine. In Crepe Knit there is a group in smock effect with Peter Pan collar.

—The Georgette Blouses which have been brought down to \$5.00 each for this event of June at Bullock's embrace the back and tuck-in styles delightfully trimmed with Venice laces.

A Splendid Variety of Styles is Present in a Group of Hand-made Cotton Blouses at \$5.00

—Many new styles are included in fine Batiste and Voile. Real Filet Lace appear on many of the Blouses. Delicate hand-drawn work and hemstitching beautify others. Dainty touches of hand embroidery have been bestowed upon some of them.

A Group of New Hand-Made Blouses of Batiste and Tailored Blouses of Dimity at \$2.95 each

—These are a special purchase for this June event, and bring with them a presentation of new and attractive styles—today—the first day of Bullock's June Blouse Event and the first day of June—at Bullock's Third Floor.

SUCH PAINS AS THIS WOMAN HAD

Two Months could not turn in bed
 Lydia E. Pinkham's Vegetable Compound
 Finally Restored Health

Seattle, Washington.—"That dragging pain first and could not stand on my feet, then I had chills and fever and such pains in my right side and a hard lump there. I could not turn myself in bed and could not sleep. I was this way for over two months, trying everything any one told me, until my sister brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I took it regularly until all the hard pains had left me and I was able to be up and to do my work again. The hard lump left my side and I feel splendid in all ways. I know of many women it has helped."—Mrs. G. RICHARDSON, 4440 Ocean St., Seattle, Wash.

This is another case where Lydia E. Pinkham's Vegetable Compound brought results after "trying everything any one told me" had failed.

If you are suffering from pain, nervousness and are always tired; if you are low spirited and good for nothing, take Lydia E. Pinkham's Vegetable Compound.

ELECTRICIANS OPEN SESSIONS

Water and Power Act Played
 by President

California Declared Mecca
 for Engineers

Mayor Delivers Address of
 Welcome

The electrical industry as now organized under State regulation stands squarely on its achievements in facing the public ownership threat embodied in the Water and Power Act, declared President B. West of the Pacific Coast Electrical Association in his opening address to the 1600 delegates gathered from California, Arizona and Nevada, representing every phase of the industry, for their sixth annual convention at the Ambassador yesterday.

California led in the public ownership, or customer ownership, of public utilities through stockholding in 1914, and at present eight power companies in the State report \$460,000,000 in stockholders, representing a real and practical form of public ownership with politics eliminated and the advantages of private initiative and enterprise preserved.

In asserting that these companies now engaged in serving California with hydroelectric power have failed to do their work acceptably, the proposition of the Water and Power Act have advanced the only valid argument for turning it over to the Pacific Coast of the State, President West declared. On the truth or falsity of this assertion the outcome should be determined.

ECONOMIES EFFECTED
 "As a matter of fact," said President West, "we have here in California in actual operation the superpower system which the Atlantic seaboard is today planning as one of its major projects for the coming decade."

"In California, under private ownership there has been developed the greatest interconnected system of power transmission lines in the world, extending over 1000 miles from Eugene, Or., in the north to the Mexican border in the south, and as far as Tropic, Nev., and Yuma, Ariz."

"All over the great territory covered, large operating economies through better use of water, load factors, substitution of hydro for steam-generated power, and provision for meeting regional shortages are effected to the benefit of the public."

"Under this regime, there has been developed a per capita consumption of electric current of 1088 kilowatt hours, as compared with an average of 373 kilowatt hours for the entire United States. Nowhere in power so cheap as in California. In 1920, 85 per cent of the dwelling houses of this State were wired as against 35 per cent for the United States."

"So consistently has California led the world in electrical development that it is the mecca for engineers and water power commissioners who have similar problems from all parts of the world."

These remarks, President West declared, have been made under private ownership.

"I have been unable to learn of a single achievement along constructive and progressive lines that has been made in this country under public ownership, which stands always to discourage initiative and innovation and to harden whatever it has hands upon into conformity with bureaucratic routine."

Proceeding Mr. West, Frank W. Smith, vice-president of the United Electric Light and Power Company of New York City, addressed the convention on the solid foundation existing between the East and West in their endeavor for immediate national legislation for more favorable laws toward the development of the country's unused water power.

Mayor George H. Cryer, in an address of welcome, gave the freedom of the city to the delegates. Yesterday afternoon several automobiles of lady guests were taken to the Mission Play at San Gabriel.

DANCE GIVEN
 An informal dance for the delegates in the Zimlin Grill at the Ambassador last night, closed the day's program.

This morning the convention will be addressed by F. O. Donaldson, general superintendent of the Southern Sierras Power Company; R. B. Cowles, assistant engineer in distribution department, Pacific Gas and Electric Company, and W. N. D'Oyly, of the Western Gas and Electric Company.

In the afternoon, golf on the new links of the Wilshire Country Club, and a trip to the motion picture studios will provide the entertainment for the delegates.

A grand ball at the Ambassador on the evening of the 4th day. Tomorrow morning the convention will be addressed by M. H. Arlson, president of the National Electric Light Association; Robert Sibley, editor of the Journal of Electricity and Western Industry; and Howard F. Beebe, president of the Investment Bankers' Association of America.

An excursion to the beaches in the afternoon will provide the entertainment. At 7 p.m. a banquet will be held in the Ambassador main dining-room. It will be followed by dancing in the Coconut Grove. On Saturday the closing day, it is arranged for all of the delegates to visit Catalina Island.

HOW TO SERVE VEGETABLES

New ways of serving vegetables are constantly being devised and now, comes the State Relations Service with a forty-eight-page free government booklet packed with the kind of facts and suggestions every cook should know. No matter how expert you may be you will find useful new ideas in this little booklet.

Write name and address clearly on the coupon, enclosing 1 cent in stamps for return postage, and send to Los Angeles Times' Information Bureau, Washington, D. C. To avoid wrong delivery at Washington use full address as given. Do not send to The Times' Los Angeles office.

Frederic J. Haskin, Director, The Los Angeles Times' Information Bureau, Washington, D. C.

I enclose herewith 1 cent in stamps for return postage, on free copy of booklet, "Preparation of Vegetables."

BIG TRUCKS OFFERED TO CITY FREE

Drivers Propose Gift If
 Hired as Chauffeurs at
 Fair Wages

Opposition to the City Council's proposal to purchase a fleet of 107 trucks for the engineering department was met by a committee of owners who now rent their trucks to the city, who visited the City Hall and filed with the Council an offer to give the city free of all cost the sixty-five trucks, valued at nearly \$100,000, if the city will employ the former owners as drivers at a wage of \$7 a day.

"We have been in the city's service," said John Ely and F. Braun of the committee, "for years, and for this reason we present a proposition that will mean a saving to the taxpayers over the proposition of purchasing new trucks. Some of us have worked for the city ten and fifteen years. We sold our teams and purchased trucks with the understanding that our trucks would be employed by the city permanently."

"As drivers, we give the city ten hours' and more service a day, for we have our trucks on the city's work eight hours, and the city pays nothing for upkeep, gasoline, oil, repairs and our time driving to and from our homes and the places where the city designates we shall report each morning and quit each day."

"We receive pay for only the days we actually work and are not paid for rainy days or other periods when the trucks are not actually on city work."

"To throw us out now after years of service would be an injustice to us and a financial loss to the taxpayers. For that reason we offer to give to the city our trucks free so that we can keep our places in the city's service at a living wage. Either this proposition or the present one of purchasing new trucks and driver is better for the city than to spend \$100,000 for new trucks and hire drivers and maintain the machines."

Bids for the 107 trucks which the city is considering purchasing for the engineering department to replace the old vehicles were returned to the bidders by the City Council yesterday, as a legal flaw was discovered in the specifications. A new form of lease-contract for the purchase of the trucks on a three-year deferred payment plan will be presented by the City Attorney to the Council, and, if approved, advertisements for new bids for the trucks will be ordered.

Admits Killing in Fight Over Game of Pool

In a fit of anger in an argument over the spotting of a cue ball in a pool game, a man named Chapman struck and killed George Buck, another player, he admitted yesterday in Judge Reese's court. Then he pleaded not guilty to murder and with consent of the District Attorney's office was allowed to plead guilty to second-degree murder. He was given time for a hearing before the court. The hearing was set for the 3rd inst.

Truck Strikes Boy, Driver is Placed in Jail

Thomas Marque, 15 years of age, a newboy, of 227 East Forty-second street, was perhaps fatally injured early last evening when he was knocked down by an automobile truck driven by V. J. Marasco of 1424 East Fifty-second street. The accident occurred near the corner of Fifty-third street and Ascot avenue, where the boy was selling papers.

At the Receiving Hospital, where the lad was given emergency treatment, it was found he had suffered a fractured right arm and possible internal injuries. Marasco was arrested by Detectives Allen and Bartley and placed in the City Jail on a charge of reckless driving. Marasco, who was driving the truck for Owens Brothers of 1023 South Figueroa street, said he did not see the boy.

ARE YOU WORRIED
 over personal troubles? If so, for reliable service, see Mr. Harry Deschamps, Room 1522, 5th Floor, 304 Broadway Central.

Semi-Annual Clearance

In January and June we round up all the odds and ends—discontinued numbers—short stocks and over-stocks of

Trunks and Leather Goods

and close them out at greatly reduced prices. We price all these articles so low that they sell readily and are really wonderful values.

We have in this lot at present some 25 Trunks, about 100 Traveling Bags and Suit Cases, and a lot of Ladies' Hand Bags and other Leather Accessories. We cannot itemize all these articles, but when we state that the reductions on these goods amount to about

30 per cent

you can appreciate the saving you can make, if what we have to offer interests you. We are now ready to offer for sale these goods and from our former experience last January, we are certain that they will all be sold within a short time.

If you anticipate needing a Trunk, Suit Case, Traveling Bag, or Ladies' Hand Bag, it will be worth your time to come in and investigate. We can display only a few in our show window on account of limited space, but they will be here in our store just the same.

 Adjoining Hotel Alexandria.

Here's a real treasure from Nature's storehouse

GOOD old Mother Nature has placed in wheat and barley the wonderful food properties which build and sustain life and health.

Many so-called "refined" foods are robbed of vital elements which the body needs

Grape-Nuts—that famous wheat and barley food—brings you all the natural goodness of the grains in perfected form, with a crispness and flavor that charm the appetite.

You will find Grape-Nuts an ideal dish for breakfast or supper-time. Ready to serve from the package, with cream or good milk.

Order Grape-Nuts from your grocer today.

QUIZ ON KLAN ACTS WIDENED

Bakersfield, Arizona Cases
May Figure Here

Evidence Taken will be Laid
Before Jury

Report Coburn is in Texas
Unconfirmed

Asserted acts of lawlessness and mob rule charged against the Ku Klux Klan in Bakersfield and Arizona will be investigated by Dist. Atty. Woolwine's office and placed before the Los Angeles county grand jury for consideration in its investigation of the lawless raid and the activities of the hooded order in Southern California.

This became known yesterday when Chief Deputy William G. Doran and Dep. Dist. Atty. Raymond E. Turner admitted that witnesses who were heard by other law enforcement bodies may be called to testify regarding the general reputation and methods of activity of the Ku Klux Klan.

The prosecution at Bakersfield yesterday rested its case in the trial of W. M. Fickens, charged with assault and battery of Clyde Richey, and the defense began in the afternoon introduction of evidence.

C. L. Burrows was the last witness examined by Dist. Atty. Doran. He said he joined the Klan last year and met the local chapter at the home of Harry D. Reynolds in East Bakersfield. He testified that at one meeting last September he saw a black robe in Reynolds's home.

Testimony given by prosecution witnesses was to the effect that the assault was ordered by Reynolds as Exalted Cyclops of the KKK River City and was participated in by four members of a committee of six who the prosecutor asserted, planned the details.

A "man of mystery" is doing a prominent role in the story as it is being related in the Superior Court.

This man, according to testimony today by Reed McClure, was a member of the "target committee" of the KKK River City that was instructed by Reynolds to "take care of" Richey. McClure met with this committee once, he said, but did not take part in its program to tar Richey.

SURPRISES LATELY
Reports that Capt. W. A. Coburn, the leap-frogging and almost extinct Grand Goblin of the "Invisible Empire" is now in Houston, Texas, could not be confirmed yesterday. A telegram to the Times from George B. Kimbro, Jr., Grand Goblin of the Domain of the Southwest, with offices in Houston, said: "Captain W. A. Coburn is about unknown to this office."

The county grand jury will convene tomorrow, when it is expected documentary evidence will be placed before it by Deputies Doran and Turner. A number of surprise witnesses are expected to be called during the day.

Couple Must Keep Children Within County
Until the divorce suit of Frances Spottiswoode-Aitken against Marion Spottiswoode-Aitken is tried, it was agreed yesterday that the children of the couple would not be removed from the jurisdiction of the court. Judge Hahn heard the preliminary testimony in the case recently.

Expect Fight to Select Jury in Milk Cases
Possibility of a long legal fight to obtain a jury to try the so-called "milk cases" in Judge Reeve's court loomed yesterday, when fifteen attorneys representing the defense, decided not to have spokesmen, and each to reserve the right to appear individually. The case involves charges in an indictment against fourteen milk distributing companies in this city, and eighteen individuals for alleged violations of the Cartwright Act, in restraint of trade. The case is being prosecuted by Dep. Dist. Atty. Powell and Van Cott.

By court rulings the defense counsel have right to preliminary challenges, and the state has a right to fifty-three. None of these challenges were exercised yesterday. The work of obtaining a jury will be resumed today.

Standard Work Contracts, Aim of Plasterers

Members of the recently reorganized Contracting Plasterers' Association of Southern California will meet tomorrow night in room 306 of the Stinson Building. They are seeking to establish a compensation insurance company for their members and to standardize contracts, costs and specifications in their line of work.

The following men have been elected officers of the association: George Padgett, president; George Kewram, vice-president; J. R. Coffman, secretary; Robert L. Mock, assistant secretary; J. N. Nichols, treasurer; Jack Ridge, R. Liebold, C. C. Ownby, S. W. Rawson and Fred W. Young, directors; A. L. Russell, Fred W. Young and Edwin Padgett, trustees.

Ten Thousand Yards of Good Cotton Fabrics as Extra Values

REMARKABLE, indeed, are the prices on materials of so good a quality as those ready to go on sale the first thing Thursday morning.

To list them as such—and such fabrics at such-and-such a price means something to those familiar with fine cottons, but to examine them by the windows on the second floor carries the real conviction as to how genuine the values are.

5000 yards LORRAINE GINGHAMS in checks, plaids, stripes and solids. Those who enjoy gingham frocks combined with organdie or used alone will enjoy this unusual opportunity. The Lorraine Gingham comes in plaids, stripes, checks and solid colors. There are bolts and bolts of these wanted fabrics so that the choice is extremely varied. 31 in., yd.... 55c

1500 yards PLAIN WHITE FLAXON, so durable for baby's dresses and many other purposes, and of medium weight, 38 and 40 in. wide. At yd.... 35c and 45c

1000 yards BARRED WHITE FLAXON that tubs just as satisfactorily as the plain. 32 inches. Yard..... 35c

300 yards WHITE VOILE from the mills of our own country and from those abroad. Some have stripes placed among checks; others are barred—and of course all are white. 36 to 40 inches, yard..... 55c

1500 yards CHIFFON LISSE, a sheer printed batiste in the season's quaint patterns. The vogue for prints has gone into the realm of georgette and crepe de chine and now equally charming effects have been obtained in Chiffon Lisse. Many smart color blendings are shown. 35 inches, yd.... 38c

250 yards WHITE SKIRTINGS in oxfords, repps and gabardines. That important essential in a summer skirt—that it will endure many tubbings—is to be found in this group of Sports Skirtings featured in the June White Sale. They are a yard wide, which is certainly another point in their favor. Yard..... 85c

SECOND FLOOR

White Wool Fabrics

SUITABLE for practically any purpose, suits, dresses, skirts, wraps, are these creamy white WOOL FABRICS which have been very much underpriced for the June White Sale.

They include Tricotines, Imperials and Mohair, 54 inches wide and only \$1.95 a yard.

At so low a cost one can well afford to buy an extra quantity and keep it for future use.

SECOND FLOOR

Ice Wool Scarfs

Of the sheerest white wool, delicate as a cobweb, these Scarfs will add a smart touch to the summer outfit. And they will give the necessary bit of warmth that is so needed on a cool evening.

It is just such trifles as these that mark a woman of distinctive tastes. For the June White Sale, \$2.50, \$3.50 and \$4.95.

JUNE WHITE

Robinson's White Sales, with the month of June, arrive in a world of flowers. The great heaps of white linen will stir every feminine sense that delights in the sight of the dainty or the touch of the exquisite.

Lingerie, lovely and new, damasks and linens that gladden like silver, and thousands of bolts of sheer fabrics fresh from the looms, will be offered below prices. For withal, THE EVENT IS A SALE.

The goodness, the newness, the beauty of everything will arouse desire. And then THE LOW PRICES will smooth the way to POSSESSION.

A White Sale—orderly masses of beautiful white goods—in a cool store makes shopping a pleasure.

THE JUNE WHITE SALE, the sale to which women allude the year through, is to begin at Robinson's Thursday. "Those liners that I got at the June White Sale at Robinson's"—"The lingerie which has stood me in good stead since I bought it at the June White Sale," they say.

UNDEWE

A JUNE WHITE SALE it is primarily, meaning how many other hues—have by their beauty gained in this great effort.

Sets—Drawers and Vests
95c, \$1.45 and \$1.95

BATISTE, dainty and pongee-like fashion these sets, which may be bought as the two matching pieces or separately. The Step-in Drawers are full cut and the Vests of good length. Some are trimmed with hemstitched banding, pipings of contrasting material, lace and so forth. In rose, coral, flesh, peach, beige and apricot.

250 Pairs of Drawers with Vests to match at 95c, \$1.45 and \$1.95 each.

Many Kinds of Bloomers
95c, \$1.45 and \$1.95

OF Windsor crepe, batiste, barred muslin or plain or striped satinnella (something new this season,) the Bloomers are finished with

Silk Under

OF BEAUTIFUL fabrics, with the application of a band in a new way here, the introduction of a lace motif there, Silk Underwear for the June White Sale offers a host of interesting suggestions for the summer wardrobe.

Envelope Chemises
\$2.95 and \$3.95

Envelopes of Crepe de Chine combine beauty and practicality to a marked degree. They come moreover, in a good range of sizes. Colors of peach, flesh, blue and white.

100 Envelopes at \$2.95 and \$3.95 each.

Envelopes of rayon and Crepe de Chine are tailored or trimmed with real Fillet, real Calais or French Val. They are Lanes selected with care to be fitting accompaniment to lovely materials. Orchid, flesh, light blue, peach and white are the colors.

170 Envelopes at \$2.95 and \$3.95 each.

Philippine Under

NEW patterns make this an exhibit and a sale. This Philippine has the right designs and the right amount of them. Flowers familiar to all and flowers known only to devotees are used in graceful patterns.

Italian influence is shown in many of the lines of punch-work which characterize a number of these pieces.

Even the details of the scalloped—the care that is taken that there shall be sharp definition of the line throughout—show craftsmanship of a superior order.

Philippine Envelopes and Gowns, \$2.95

Like all the models in the Sale, these and others are run by hand in the Gowns and Envelopes at this low price. There are sprays of flowers across the front. Oval cyclades across the top have ribbon run through them.

Philippine Envelope

The Envelopes are in many styles. Some have a wide band across the shoulders. One of the shoulders is across the shoulders. The Gowns with sleeves have a wide band across the shoulders. One of the shoulders is across the shoulders. The Gowns with sleeves have a wide band across the shoulders. One of the shoulders is across the shoulders.

and Vests
and \$1.95

Muslin Gowns
95c, \$1.45 and \$1.95

ATTENTION is called to this—that many of the Gowns match the other Muslin Underwear department.

of Bloomers
and \$1.95

400 Gowns at 95c, \$1.45 and \$1.95.

Underwear

Gowns, \$4.95

Chemises
and \$3.95

Three Groups of Gowns
Beguile—\$8.95

One group is of crepe de Chine and rayon, in white and flesh. It has wide shoulder straps.

Another is of heavy crepe-back satin, with wide shoulder straps and two-toned ribbon.

A third group is of rayon and crepe de Chine on a half a dozen different styles, tailored and trimmed. One of the models has short sleeves.

Apparel Underwear

The Envelopes are very full cut, with the lower half collapsed. Surely the handwork alone on these garments could not be duplicated at the price which the entire garment is selling.

The Envelopes have strap or built-up shoulders. \$2.95

The Gowns have dots and stripes and other attractive patterns. Some have a square, others a round neckline. \$2.95

Philippine Gowns and Envelopes, \$3.95

The Envelopes are in many desirable patterns. \$3.95

The Gowns with sleeves have pointed, round or square necks. One of the shirred models has wide horizontal stripes across the shoulders. \$3.95

The opening day and every day throughout the sale, will see groups of eager people, anxious of duplicating the good values of last year or finding many things marked even lower.

Misses and Women's Midsummer Frocks

Cool and fresh-looking even on the warmest of summer days is a Frock of fluffy pure white.

At a garden party, an afternoon tea, a formal dinner, the informal gathering, or the many sports, Frocks of white will be seen in large numbers.

From France come sheer voiles, simple in line, depending for their loveliness on elaborate beading or trimmings of hand drawn work.

Crisp organdies, ever youthful, are combined with net, trimmed with ribbons and lace, embroidered, and made appealing in a variety of ways.

Equally attractive are the myriads of other white Frocks, the dotted Swisses, the linens, the draped soft crepe de chine, the Canton crepes.

Robinson's have a remarkable display of these, at \$25.00 and up.

Organdie Guimpes and Vests

One of the better features for the June White Sale is the 75 Guimpes of organdie and net which may be had for half price. The organdies are embroidered in a new lattice pattern; the nets trimmed with Val, Venice or real lace. There are a variety of smart styles that regularly begin in price at \$7.50. Any of them may be had during the June White Sale for

HALF PRICE

Guimpes and Vests of nets, dainty accessories to the feminine wardrobe, are in Peter Pan and Tuxedo styles, some trimmed with real Fillet and Irish lace, others with frills down the front. There are 200 of these, priced remarkably low at

\$3.45

FIRST FLOOR

Dimity Blouses at \$5.95

Beautifully made are these Blouses of white dimity woven into dainty shadow checks. They are particularly suitable to wear with the summer slip-on and other sports costumes.

Peter Pan and shawl-collared styles with turned-back cuffs are trimmed with little fluted ruffles. Some of these ruffles have stripes of orchid, red or navy.

A sports model has a V neck, lay-down collar, short sleeves with turned back cuffs and a bright silk tie.

In sizes from 34 to 44 these are a very good value for \$5.95.

THIRD FLOOR

White Satin Petticoats \$5.00

So pretty are they to wear under fluffy summer frocks. Of soft, heavy satin in flesh and white, they are made shadow proof by a deep hem that extends to the hips.

These straight-lined Petticoats, 100 of them, have been marked under the regular price for this June White Sale. \$5.00.

FOURTH FLOOR

Other Values in Linens

Madiera Embroidered Pillowcases with beautiful designs and scalloped edges, size 45x36 inches, reduced to \$8.85 a pair.

Hemstitched Linen Pillowcases of high-grade Irish linen, size 45x36 inches, reduced to \$3.35 a pair.

Towels

Full Bleached Cotton Huck Towels, with hemmed ends and red or white borders, size 18x36 inches, reduced to \$1.65 a dozen.

Hemstitched Cotton Huck Towels, full bleached, size 18x36 inches, are reduced to 25c each, or \$2.75 a dozen.

Part Linen Huck Towels of heavy weight, size 18x34 inches, may be had for the reduced price of 50c each or \$5.50 a dozen.

Hemmed Turkish Towels, full bleached, sizes 23x46, reduced to 45c each.

Heavy weight Hemmed Turkish Towels, full bleached, size 23x42, reduced to 50c each.

Heavy weight Hemmed Turkish Bath Towels, size 23x44 inches, reduced to 65c each.

Large Turkish Bath Towels, size 24x45 inches, reduced to 75c each.

Toweling

Firmly woven, full bleached Linen Crash Toweling, 17 inches in width, may be had at the reduced price of 35c a yard.

Crash Toweling of good weight in part linen and part cotton. It is firmly woven and of absorbent quality. With blue borders, 16 inches wide, 15c yard.

Cotton Huck Towels, full bleached, with the customary blue, red or white borders. Size 18x36. At a price which is not customary—\$2.25 a dozen.

SECOND FLOOR

BOTH CHARGED WITH BIGAMY

Man and Woman Accused by Legal Mate

Wedded Before Divorced, Police Are Told

Couple Held on Warrants from Santa Ana

Charles F. Dowell, aged 35 years, vocational training student in the mechanical department of the University of Southern California, and Mrs. Olive Brouillette, 23, employed as elevator operator at a local department store, were arrested yesterday afternoon by Detective Sergeant Walter Barr and McCauley on telegraphic warrants from Santa Ana charging bigamy. Both were being held as fugitives at the City Jail, pending the arrival of deputies from Santa Ana, at the order of Sheriff Jackson of that city.

Dowell, who asserts he was married in the Argentine in 1914, while a member of Company D, Machine Gun Corps, Fourth Division, stoutly denies that he had ever married Mrs. Brouillette. The police say that he is separated from his wife, Mrs. Elida Dowell, Mrs. Brouillette added her denial of the charges, declaring that she never had been in Santa Ana in her life, where the marriage ceremony between her and Dowell is supposed to have been performed by Justice J. R. Cusack on December 22. It was stated that at this emergency Dowell gave his name as McDowell. Mrs. Brouillette admitted having been separated from her husband, Edward G. Brouillette, for some time.

According to reports, Mrs. Elida Dowell, whose address was given as 113 East Seventy-eighth street, signed a complaint charging her husband with bigamy. At the same time Mr. Brouillette filed a similar complaint against his wife. It was said.

The complaint sets forth, it is said, that at the time of the alleged marriage ceremony, neither Mrs. Brouillette nor Mr. Dowell had obtained a divorce.

Mrs. Brouillette gave her address in this city as 143 South Garano street.

City Again is the One 'White Spot' in Land

"Only White Spot" in the United States is again the title that Los Angeles claims. Word was received yesterday by the Chamber of Commerce from the United States chamber that business conditions in this city are good while "dark" and "dour" again reign in the land.

In April, 1920, this condition existed for the first time, but later St. Louis and small sections of Illinois and Pennsylvania gained the same position.

In the June issue of the Nation's Business, an economic map of the country indicates Los Angeles the only "white spot" for the second time. This official organ of the United States chamber shows that agricultural and industrial activities have affected money and trade.

An accompanying article by Archer Wall Douglas gives some of the main reasons for the situation and the map indicates that fair business conditions prevail in the entire State of California and a portion of Nevada. Portions of Colorado, Texas, Oklahoma, Nebraska, Eastern Kansas, Louisiana, Minnesota, Iowa, Missouri and Arkansas show favorable conditions. The shading of the entire West are equally divided between black and gray, illustrating fair trade.

Four Men Hurt When Machine Turns Turtle

Three men were severely injured and another slightly hurt when an automobile in which they were riding turned over on the Harbor Boulevard near San Pedro early last evening.

Two of the men were admitted at the Redding Hospital, where John Huxon, aged 39 years, of 821 West Fifty-third street, suffered a possible skull fracture and Herbert Fidler, aged 35 years, of Los Angeles, was badly injured.

According to Fidler, the driver of the car was Jack Enfield. Enfield and another man, he said, were taken to the Redding Hospital in Long Beach in a bad condition. The automobile overturned, Fidler stated, when another car in attempting to pass struck the rear wheel. The car swerved from the road and turned over three times, he said.

Court Disposes of Speeder in Twelve Seconds

It took Police Judge Chasabro just twelve seconds to hear and pass sentence on many of the traffic-violation cases which appeared in his court yesterday. In each case the defendant was given the customary chance to explain the asserted violation of the traffic laws. In practically every instance the defendant pleaded guilty and accepted his sentence without argument. Nearly 900 cases were heard.

A noticeable feature in yesterday's proceedings was the imposition by Judge Chasabro of fines of from \$10 to \$25 for cutting corners and for having mufflers open contrary to the city ordinance. The courtroom was jammed to the door with asserted violators of the traffic laws, arrested as a result of Chief of Police Oak's vigorous campaign to "slow down" the careless and indifferent motorist. It was noticeable that persons found guilty and fined carried out of the courtroom with them an expression on their faces which indicated that they would rather go around the button next time rather than face Judge Chasabro the second time.

PLAYERS WILL STAR
HORTON AND MARY NEWCOMB
GOING TO NEW YORK
By Grace Kingsley
If you want to take a last fond look at those popular players, Mary Newcomb and Edward Everett Horton, you'd better hurry up.
Announcement was made yesterday to the effect that these two fascinating leading players of the Wilkes Majestic Stock Company, Miss Newcomb and Mr. Horton, are both soon to star on New York's Broadway at the Harris Theater.
Miss Newcomb is to finish the run here of Vincent Lawrence's comedy, "In Love With Love," which ends on Saturday night. She will take a short vacation before leaving for New York to commence rehearsals in the play in anticipation of its presentation at the Harris. Just what the date of the opening will be has not yet been definitely decided.
Nana Bryant is to make her debut as leading lady at the Majestic in "Buddies," but thereafter he will leave for New York, where he is to be starred in Owen Davis' "A Nervous Wreck," in which he scored so heavily here.
Production plans of Thomas Wilkes proceed apace, with several new plays already purchased and others being considered.
Edward Everett Horton will remain to play the male lead at the Majestic in "Buddies," but thereafter he will leave for New York, where he is to be starred in Owen Davis' "A Nervous Wreck," in which he scored so heavily here.
Production plans of Thomas Wilkes proceed apace, with several new plays already purchased and others being considered.

Beale Barricade in Town
Bessie Barricade, formerly picture star, lately of the New York stage and vaudeville, and her director-playwright husband, Howard Hickman, are in the city, where they are to be seen at the Orpheum here, but in the meantime are understood to be lining up some picture activities for the summer.
Minta Durfee Soon
Roscoe Arbuckle's wife, Minta Durfee, is now in New York, but is expected to return within two or three weeks.
Dorothy Phillips to Vacation
While Allen Holubar produces "Broken Chains" for Goldwyn, his wife and star of most of his pictures, Dorothy Phillips, is to take a trip to New York and to her old home in Baltimore.

Bray to Film "Outline"
It appears that after all J. A. Bray and not D. W. Griffith is to undertake the filming of H. W. Wells' "Outline of History." The report is that the Bray studios will picture the work largely in animated cartoons and release it serially in short installments.
The book has caused more discussion and has received more favorable comment than almost any serious work within the decade. The film version is to be one of the most elaborate educational subjects ever attempted.
Gene O'Brien May Travel
Eugene O'Brien, who recently left the Selznick company, has had an offer to produce some pictures in Portugal, and is seriously considering it. He may appear on the legitimate stage in a play by Fred Jackson. His last stage appearance was with Alexandra Carlisle in "The Country Cousin."

Harold Lloyd Celebrates
The Hal E. Roach studios were not only closed Tuesday, but Monday, as well, in order to give all the employees the opportunity of a three days' outing, so that they could take a trip of goodly proportions.
While Harold Lloyd's celluloid double went marching on, down at the Symphony in "Grandma's Boy," Harold himself took a rest at home, and spent part of the day swimming in his new swimming pool. Hal Roach and family took a cruise on the Gypsy.
Claire Boos Hair
Claire Windsor has broken the chains of hirsute convention and bobbed her beautiful blonde tresses. She has had many requests from her screen admirers for a look of her hair, but she denies that this was the purpose of the shearing. The picture in which she is appearing next in "Broken Chains," the \$10,000 prize story, which Goldwyn is producing. She will impersonate a wealthy society girl.
Laiky Players Busy
Word from the Laiky studios is to the effect that Sam Wood is back in Hollywood after a sojourn in New York during which he filmed some scenes for his next Paramount production, "The Impossible Mrs. Bellew." He will resume work on the picture Monday, and his star, Gloria Swanson, will arrive a few days later, following a trip to Europe. The same source also announces

Four Generations of Lloyds
Not in direct line, however, there is Harold, of course, the star of "Grandma's Boy" at the Symphony, with his grandmother (in real life), and his mother, and his nephew, Gaylord Harold Lloyd.

OUR .. TALENT .. WINS .. FAME
PLAYDOM
WILL FILM "PEG" HERE
LAURETTE TAYLOR TO STAR
IN SHADOW VERSION
By Edwin Schallert
It is settled. Laurette Taylor is to appear in the picture version of "Peg O' My Heart." She is to come west to start actual filming at the Metro organization's studios in July.
It has been rumored for some time that Miss Taylor would make the picture, but nothing was definitely settled until the past few days. Metro announced the production details yesterday.
"Peg O' My Heart" was Miss Taylor's greatest success on the stage. It was written for her by her husband, J. Hartley Manners, and she originally made her debut in the piece in this city.
The story of the play was made into a picture by Famous Players-Lasky about two years ago, with Wanda Hawley in the title role, but was never released because of litigation between Oliver Morosco, from whom Famous Players secured the screen rights, and Mr. Manners, the author. Mr. Manners was victorious in the courts.
The picture is to be directed by King Vidor. The scenario will be written by Mary O'Hara, who prepared the stories of "Turn of Mind" and "The Prisoner of Zenda" for the screen for Rex Ingram.
Metro production activities are soon to commence at the studios here, according to Joseph W. Engel, first vice-president and general manager of production for the Metro Picture Corporation.
Four companies will be at work before July 1, and a fifth unit will commence actual filming early in July. It is stated, this number to continue indefinitely, according to present plans.
Miss Dana's company will be the first unit to start camera work. Stage Tim O'Brien is the title of her story. It is by John Morosco, and J. G. Hawkey prepared the continuity. Harry Beaumont has been assigned to direct.
Billy Dove, the new star of the organization, will commence work within two weeks on a picture called "Country Love," story by Hubert Footner and continuity by Edith Kennedy. Emile Chautard will direct.
Sawyer and Lubin have renewed their agreement for more pictures to be made for Metro releases. The first will be production of "Quincy Adams Sawyer," for which the continuity is now being prepared by Bernard McConville. Clarence Badger will direct this picture.
As soon as he completes "Black Orchids," his newest feature, Rex Ingram will go to New York to film several features which require vast coast locations.
"Bat" Will Flicker
The "Bat" is to see the light of the cinema. That is the word which was received from New York from the office of the Morosco Holding Company. It is to be filmed by Oliver Morosco, in Los Angeles, he having about completed negotiations for the screen rights, and it is to be released by Associated First National.
With the plan for putting "The Bat" into picture form, is considered likely that there will be a switch in the intended making of "The Rose of the Ghetto" as the next production.
Carlito's New Play
Again has the name of Leo Carlito's new starring play been changed. It was mentioned yesterday as "The Hurdy-Gurdy Man," but a shift has been made, and now the piece is settled on as "Michael Angelo," written by Edward Locke. The production will be under the supervision of Clifford Brooke.
Carlito will arrive here in July for the Orpheum circuit, completing his tour.
DRAMA OF CATTLE THIEVES
"Sis the Best" has nothing on the number of cattle that disappear in the night in "Step On It," the mystery picture showing at the Superba Theater this week. Anything that the old West lived by was a cattle thief. When the gentlemen made a living by selling other men's cattle, were caught, things went badly with them. It makes an interesting plot, when the hero, played by Edward Gibson, is in love with a girl (Barbara Bedford), and later finds out that the girl is the leader of a thieves' gang. With this situation there is always room for plenty of action. Jack Connelley is the author of the story, which is a screen adaptation of Courtney Riley Cooper's story, "The Land of the Lost."

Helen Higgins and Natalie Bates
No DOUBT climate has had a lot to do with putting Los Angeles on the map in so far as the East is concerned, but now, always clever artists from this city have been invading the eastern theatrical world, and adding still further to the many nice things that can be said about this city.
The latest instance of this will be noted with the appearance this week of Helen Higgins, who, with Natalie Bates, is pleasing audiences at the Hillstreet Theater in a novel offering entitled "Bingdance."
Miss Higgins is a native Angeleno, educated in this city, and one of the first pupils of the Denishawn School of Dancing. She was one of the featured dancers with Oliver Morosco's production of "Canary Cottage" when that musical comedy hit was put on the road.
In company with Natalie Bates she has been making a successful tour of the Orpheum circuit in an entertaining novelty. Both girls are graduates of musical comedy, and in combining their forces have succeeded in bringing to vaudeville one of the best acts of its kind the variety houses have to offer.

KINEMA PLANS SURPRISE
"Trouble," with Jackie Coogan as "The Paleface," with Buster Keaton as continuing to draw capacity audiences at the Kinema Theater, where the bill is unusually sparkling.
Jackie Coogan needs no introduction to local theater-goers, since he first exhibited in the same cinema skits with Charlie Chaplin in "The Kid." And with the showing of "My Boy," the last holiday season, little Jackie again registered fame.
"Trouble," is a bright story with lots of action, giving the star an opportunity for both dramatic and humorous delineations. Wallace Beery and Gloria Hope are in the chief supporting roles. The Kinema also has something up its sleeve for the near future, which when it opens in New York, will be a surprise to local audiences. But all that is vouchsafed in information by the management is that "The Sherwoods are coming."

SUCCESS PREDICTED
Considered by critics and local public one of the cleanest and most subtle comedy hits of the season, "The Worldly Madonna," which is now showing its premier at the Majestic Theater, is drawing record crowds on the second week of its run, and those who have seen it are predicting certain success for this play when it opens in New York this fall. Mary Newcomb as Ann Jordan, the girl who is "in love with love," is creating a sensation among the characters since joining the Wilkes players and it is hard to believe the author did not have this talented artist in mind when he wrote the comedy. Edward Everett Horton is also seen to advantage as a cabaret singer, a young engineer just out of the A. B.
PREMIERE AT PANTAGES
"The Worldly Madonna," late Clara Kimball Young's feature, is promised next week at Pantages. The story by Sada Cowan is an interesting plot, when the hero, played by Edward Gibson, is in love with a girl (Barbara Bedford), and later finds out that the girl is the leader of a thieves' gang. With this situation there is always room for plenty of action. Jack Connelley is the author of the story, which is a screen adaptation of Courtney Riley Cooper's story, "The Land of the Lost."

HONOR CLARKE ACTOR
Little Pat Moore, one of the shining lights of the J. P. McCarty's "The Worldly Madonna," a new kind of western melodrama, based on paintings of Frederic Remington, which is the current attraction at the California Theater, is to be honored tonight by members of the Progressive Business Men's Club, who are coming a hundred strong to see the work of the son of one of their most prominent members. Master Moore has been seen in many big productions during his brief career before the camera, including De Mille's "Something to Think About," but all who have seen the youngster's work in "Out of the Dust" say that he gives a portrayal that would tax the abilities of some of our best-known grown-up players.
LOUISE LORRAINE SIGNS
Louise Lorraine has just been signed to play the lead opposite James E. Warner in the Metropolitan Company's next five-reel special, "Flaming Hearts." Miss Lorraine has played in "With Stanley in Africa," "Headin' West," "Up in the Air Mary" and "The Fire Eater."

Can You Think of an Idea as Funny or Funnier Than This? If So, Send It in and Win a Cash Prize.

Starting every Friday and ending every Thursday, The Times conducts a Wad comic-strip contest. The best idea gets \$10, and next \$5, and all others available \$3 each. All ideas must be original, local, "drawable" and funny. The picture must be described in words. Rules and details of the contest will be supplied. All strips must be submitted to the Wad family—Cicero Wad, the spender; Titus Wad, the nickel nurse; Mimi Spenda Wad, club and society woman; Watt A. Wad, sporty, speed. Elva Wad, pretty and frivolous daughter; Gunn Wad, 12-year-old terror, and Cicero Wad, Jr., the baby. Write on one side of paper only. Address all communications Wad, care The Times. Anyone may compete and submit as many ideas as desired. No manuscripts or drawings will be returned.
